Jeff Saylor
Estill County Board of Education
253 Main Street
Irvine, KY 40336

Dear Mr. Saylor,

We hope this letter finds you well. We understand that excitement is mounting in Estill County surrounding renovations at Estill County High School. There's a challenging level of commitment, persistence, and attention to detail that is required to create a school the Estill County Community will cherish and utilize for years to come. This execution takes every member of the team focusing on doing the right thing, every step of the way. Wehr Constructors is committed to be the best at what we do.

We have worked diligently for 75 years building a reputation of excellence in construction management where client expectations are consistently exceeded and we take great pride in the number of repeat clients who trust us again and again with their projects, large and small. Nothing matters more than project quality and the service experience our clients have when partnering with us.

Wehr Constructors serves as a leader in construction management in Kentucky and throughout the Southeastern United States. Our extensive experience brings a wealth of knowledge to every stage of a project, creating a seamless build experience that maximizes project outcomes.

Wehr Constructors has recently completed work at Kathryn Winn Primary School in Carroll County, Collins Lane Elementary School in Franklin County, Louisville Collegiate School, and are currently completing a renovation and addition of the University of Kentucky Chemistry/Physics Building.

Please reference our website at wehrconstructors.com to learn more about other successful school projects, our values, our mission and our record of projects completed on time and within budget. We look forward to learning more about your project and the prospect of partnering with you in the coming months.

All the best,

Brandon Berry
President Central KY Operations
