RE: Item for the August Board Meeting

The BCPS Special Education Department is requesting to add an additional MSD teacher to service students in the Virtual Learning Academy as well as for in-person learning as needed. Funding for the position will come from the General Fund. This position will be for the 2020-2021 school year, but the need will be reviewed at the end of the current school year.

Please see the attached memo from Troy Kolb, Director of Special Education

RE: Special Education Staffing Request

The BCPS Department of Special Education is hiring a certified teacher for students with Moderate and Severe Disabilities responsible for planning, organizing and delivering a program of instruction that supports the premise that high expectations for all students are possible. Location for providing instructional services in this position will be district-wide as we strive to engage and instruct students through the virtual, online learning platform, as well as through in-person learning as we are able. The continued need for this position will be reviewed in the spring of 2021. Funding will come from the General Budget.

Please let me know if I can answer any questions about this position.
