Bylaw 5 – Minimum Academic Requirement

- On the first date for the school year, Bylaw 5, Sec. 1 requires a student to be “on schedule” to graduate per the credit requirement of his/her class. Due to the multitude of situations existing during last spring’s shutdown and adjustments made to credits in local districts, this requirement was summarily waived as a statewide requirement for the 2020-21 school year.
- Local schools and districts may use the existing standard as desired or may establish any other means of determining the proper grade level for all students.
- The student continues to need to be enrolled full-time (at least four hours of the six-hour school day) and passing in four classes for the year to be eligible.
