Seesaw Terms of Service

Last Updated: September 3, 2018

Welcome to Seesaw!

Seesaw's mission is to create an environment where students can be their best. To accomplish this goal, it is essential that Seesaw is safe place for students to document their learning, and that parents and teachers are in complete control over how that information is shared.

This Terms of Service governs your use of our websites at seesaw.me, and the Seesaw Application (collectively "the Seesaw Service", "the Service" or "Seesaw"). By creating an account on Seesaw, you agree to be bound by our Terms of Service (our "Terms"). If you don't agree, please don't use Seesaw. These Terms include a Binding Arbitration clause. Please read below to see how you can opt-out if you so choose.

OUR PRIVACY PROMISES

Protecting your privacy is fundamental to our mission and business. The following summarize our promises to you.

- We never sell your data or student data.
- We never advertise in Seesaw.
- We don't own the content you add to Seesaw.
- Student work is private to the classroom by default.

We use cookies to help Seesaw run effectively. By using this website, you agree to our use of cookies.

SEESAW AND PARENTAL CONSENT

We require that teachers or schools get parental consent before using Seesaw with children who are under the age when they can grant consent on their own. This age may vary based on where you live. For example, in the US that age is younger than 13. You should check your local laws to determine the relevant age in your country. If you are aware Seesaw is collecting information from a student without parental consent, please contact us immediately at help@seesaw.me and we will delete the data.

There are a number of ways in which teachers or schools can obtain parental consent:

- Get consent as part of a school-wide technology consent process you may already have in place.
- Use our [sample consent form](#) - but please note that this is an example only and does not constitute legal advice.
- For teachers in the United States, agree to act as the parent's agent, and provide consent on their behalf to use Seesaw solely in the educational context as provided by the FTC. [Learn More.](#)

SEESAW AND FERPA

Data collected by Seesaw may include personally identifiable information from education records that are subject to the Family Educational Rights and Privacy Act, "FERPA", ("FERPA Records"). To the extent that Student Data includes FERPA Records, you designate Seesaw as a "School Official" (as that term is used in FERPA and its implementing regulations) under the direct control of the school with regard to the use and maintenance of the FERPA Records and Seesaw agrees to comply with FERPA.

information, and our practices and policies regarding the processing of your information are described in this Privacy Policy and our Data Processing Agreement. If you have specific questions about how Seesaw is compliant with GDPR, please see our [frequently asked questions about GDPR](#).

CREATING A TEACHER ACCOUNT

Only teachers or school administrators can create a class on Seesaw. Once the class is created, teachers can authorize student participants, additional faculty and parents and other family members with appropriate permissions to upload, view, comment on, and share work.

You should consult with your school or school district to ensure that you obtain proper consent to use Seesaw in the classroom consistent with their policies.

When you create a Seesaw class, you agree that:

- Any students you add to your class are current students in your class.
- Any additional teachers you add to your class are authorized by your school to access student journals.
- You will use Seesaw only for lawful purposes and abide by applicable law and school and school district policies in your use of Seesaw.
- You will treat Seesaw as an extension of the classroom and take reasonable steps to confirm that students are using Seesaw appropriately.
- You will take reasonable measures to protect access to information contained in student journals and class journals.
- You will only invite parents, guardians, and other trusted adults to view student journals.
- You will protect your class QR code so that access to student journals and class journals is limited only to students and parents, guardians, and other trusted adults.

student to create a parent account and access the student journal.

As a parent, you will only be able to access journal entries in which your child has been tagged. Other parents and adults may be able to access your child's work if your child is tagged in a journal entry with their child, such as when your child collaborates with other students on a group project, and visa versa.

CREATING A STUDENT ACCOUNT

Students may use Seesaw only if their parent or legal guardian has given permission to their teacher or school. You agree to use Seesaw only if you have been given a Join Code or have otherwise been invited to use Seesaw by your teacher.

Seesaw is an extension of the classroom. You agree to use Seesaw in a manner that is appropriate to the classroom. You may not violate the policies of your school or school district in your use of Seesaw.

SUBMISSIONS TO THE ACTIVITY LIBRARY

Activities teachers create are private to their account by default. Optionally, teachers may choose to publish activities they create to the public Community Activity Library or an Activity Library managed by their school or district. By choosing to submit your activity to the Activity Library, you're telling us that:

- You are the copyright holder, you have the consent of the copyright holder, or you have a valid legal basis (for example, fair use) for posting any content you submit to Seesaw.
- You have secured permission to share the photograph of any person included in your activity.

Any activities you submit are yours – not Seesaw's. By submitting your activity to the

Teachers using Seesaw may also modify your activity and re-share it with their students or other teachers.

- If you remove your activity from the library, prior copies of your activity or modified versions of your activity may still exist in other teachers' accounts and will not be removed.

Student responses to activities are **not** shared in the Activity Library.
