

October Live RED Report

District News

Live RED Staff Award

Congratulations to Mr. Clifton Tabor for being selected as the Live RED recipient for the month of October. His came from a parent/family and it reads:

We just wanted to give a special shout out to one of your employees at Livingston County Middle School. We realize in this day and time it seems like sometimes people hear more negative than positive. We all need and appreciate some positive feedback. We just had to let you know how much we appreciate the custodian, Cliff Tabor. Every time our daughter comes home from school she is going on about how clean the school is and she can tell Mr. Cliff goes above and beyond with the ghost buster disinfectant machine. She said, "He goes up and down the halls when we change classes and is always trying his hardest to keep everything clean and make it safe for all of us." She told us she hopes people appreciate him for his hard work and he is on the front line during this pandemic trying to make it safe for everyone. We told her she is exactly right!

We appreciate Mr. Cliff and all the other employees trying so hard to make it a safe learning environment for our children in Livingston County.

Family First & Cardinal Connection

Family First and Cardinal Connection have several events upcoming. Christmas for Kids (CFK) applications were made available last week. With that, we have debuted a FRYSC website with information about upcoming events, ways to get CFK credits, and much more information. There will be a Virtual Parent Cafe on October 13. Happy Feet will be at the schools the week of October 20-23. Big Smiles will examine and treat our registered students in October and November.

North Livingston

Teachers Phyllis Johnson and Angie Barnes were awarded two mini grants by the Calvert City Community Advisory Team. The grants totaled \$1206 and are for STEM related activities. Mrs. Barnes was awarded various sets of STEM building kits for small projects to develop student interest in science and math. They will build balloon powered cars, design Lego projects, and use stem box kits in multiple projects. Mrs. Johnson was awarded a new weather station, solar power kit, various insect and animal specimen kits, terrarium, and various small lab and science box kits. Students will get to explore many things that they see every day, such as the weather, solar energy, how insects transform from caterpillars to butterflies, germs on their hands, and other common things.

Livingston County Middle School

The veterans committee has met and are planning 3 virtual programs (2 elementary and 1 MS/HS) that have the attention of the Kentucky Department of Veterans Affairs. The Legion is helping, as are other local Veterans.

Livingston Central High School

Congratulations to the following students on their selection as class officers:

Sophomore:

President: Trinity Ray
Vice President: Ashley Adams
Secretary: Lily Robertson

Junior:

President: Austin Skinner
Vice President: Addy Martin

Reporter: Madison Bolte
Treasurer: Emma Smith

Senior:

President: Carson Kitchens
Vice President: Robert Schmitt
Secretary:Oliva G. Ramage
Reporter: Kennedy Croft
Treasurer: Erica Quertermous

South Livingston

After reading the story, "The 3 Little Pigs," Mrs. Lauren's class made houses with food. Each student drew a paper to find out which house they were supposed to build. They did a great job deciding if they needed straw, sticks or bricks! [#SLESwherelearningisfun2020](#) [#liveRED](#)

SLES celebrated birthdays with ice cream and a short movie. Happy Birthday to our August and September Mustangs! [#SLESwherelearningisfun2020](#) [#liveRED](#)

Hard to believe we are getting ready to wrap up the 1st nine weeks! Hard at work and hard at play! [#SLESwherelearningisfun2020](#) [#liveRED](#)

SLES would like to wish Mrs. Shelley Gray a happy and healthy farewell!

Mrs. Shelley Gray began her career as an Elementary School Secretary, within Livingston County Schools, ten years ago. Prior to being School Secretary, she was a Kindergarten Instructional Assistant for eleven years; her combined years of service totaled twenty-one years. Mrs. Shelley, as she is known, has many excellent skills that made her a truly valuable member of the school team. Through her years of service, she was able to maintain the inner workings of the front office with dignity and positivity. Her true compassion for wanting to help all stakeholders was evident on a daily basis. Her smile was not only contagious, but it illuminated the front office as you entered. Her presence

will be greatly missed but never forgotten! Our appreciation for Mrs. Shelley is beyond words, and the impact she had on generations of South Livingston Elementary students, staff, and parents is beyond measure. Our hope for Mrs. Shelley is she will have a great number of memories to look back upon, to savor, and to remember. The multitude of moments she inspired students and staff over the years collectively form a career of distinction. We are also deeply appreciative of all that she contributed to the betterment of each student and staff member she encountered. Mrs. Shelley plans to enjoy more time with her family. We would like to wish her a healthy and happy farewell!

SLES is recognizing the staff of the month. These staff members have gone above and beyond, working very hard daily for the betterment of stakeholders. They are very deserving of this recognition!

August Staff of the Month:

September Staff of the Month:
