Re: Standard 1 – Strategic Leadership

In our next seven board meetings I will give a brief summary on each of the Next Generation Effectiveness Standards for Kentucky School Superintendents as well as a list of artifacts/evidence that I have completed, are in progress, or will be completed to meet that standard. The first standard we will discuss is Standard 1: Strategic Leadership.

## **Standard 1: Strategic Leadership (Summary)**

Superintendents create conditions that result in strategically reimagining the district's vision, mission and goals to ensure that every student graduates from high school, is globally competitive in post-secondary education and/or the workforce, and is prepared for life in the 21st century. Superintendents create a community of inquiry that challenges the community to continually repurpose itself by building on the district's core values and beliefs about the preferred future and then developing a vision.
