

## **Internet Access Loaner Hotspot Agreement**

### **Boone County Schools**

Boone County Schools is offering a limited number of wireless hotspot devices to students who do not have Internet access at home. The hotspot and service charges are fully paid by the district. The intent of the hotspot is to provide Internet access to complete online school assignments, communications and activities. District provided hotspot users must agree to the following:

1. I understand the hotspot is the property of Boone County Schools and the district retains all rights to the hardware and software. District issued Chromebooks will be the only devices that will connect to the hotspots which are used for educational purposes only.
2. I understand I am completely responsible for the hotspot while loaned to me and understand that the loan period is from November 2020 - May 2021.
3. I agree to follow all district regulations and policies governing the use of the hotspot as well as all applicable State and Federal laws including copyright and intellectual property law pertaining to software and information.
4. I agree not to remove or alter any Boone County identification labels attached to or displayed on the hotspot, or to change identification within the hotspot.
5. I agree to keep the hotspot and district information safe and secure. (i.e. Don't leave the hotspot in open view in your locked car, in areas of extreme temperature or humidity.)
6. I agree to report theft, loss, or damage to the hotspot to the school office immediately and to the police in the case of theft.
7. I agree to deliver the hotspot promptly to a designated location for technical inspection, to verify inventory, to turn in at the end of the loan period, or for other reasons when requested.
8. I agree to return the equipment on the last day of school for the 2020 - 2021 school year, when no longer needed or when my family moves out of the district. A replacement fee of \$150.00 will be charged if the device is lost, damaged or not returned.
9. I agree all repair work will be completed by the district or vendor.
10. I agree the only district provided support will be to provide instructions on any required setup.
11. I agree the district cannot guarantee wireless coverage.
12. I agree excessive use of the Internet, use beyond instructional purposes, or repair beyond normal wear may reduce or eliminate my access to a hotspot.
13. I understand I am responsible for monitoring and guiding my child's activity at home.

As a guardian and student, I have read and understand all terms of the agreement related to a loaned hotspot for educational use at home. I have already agreed to follow the Acceptable Use Policy for Boone County Schools.

I have discussed the agreement with my child and will support the school in guiding my child in using the hotspot at home as an educational tool.
