	(remaining)	currently enrolled in GC@Home=160 Edgenuity for core classes MBA Lap Modules for Bus. and Marketing ICEV for Agriculture Tutoring available by appointment Live sessions with teacher on Friday

\*We had issues with many students who did not turn in assignments or attend Google Meet sessions while working virtually. We spent much of the two weeks of hybrid classes on remediation and allowed them to turn in missing assignments through the end of the term on October 30th.

Focus:

### MTSS Program

-behavior and academic intervention is just beginning. We are currently in the process of setting up a time for them to come and present to our staff.

### Walkthroughs

-Along with team one we are working with staff on learning targets being aligned with KAS (district focus)

### Reading and Math Intervention -Achieve 3000

-Math have not quantified data

-new program wanted to wait until students returned to get everyone trained on how to use it. Again not all students in Google Meet session and turning in assignments.

-program is in beginning phases now

-Reading

-having difficulty getting the @home students to complete level set initial assessment. I have started making calls and pulling students to do this.

CCR is a designation achieve gives for students being on track to college and career readiness.

-9th CCR 20%

-10th CCR 19%

-11th CCR 21%

-12th CCR 14%
