

Pursuant to 702 KAR 7:125E, districts are required to report district-level participation rates for the 2020-2021 school year to the Kentucky Department of Education (KDE) for in-person and nontraditional instruction. Reporting is required three times during the school year – in October, January and July. KDE is then required to publish the report on its website and provide a copy to the Legislative Research Commission (LRC) 15 days from the deadline.

The first report includes data from the beginning of school, August 26th until September 30th.
