

**Curriculum, Instruction, and Assessment
Board Agenda
Wednesday, November 18, 2020**

PROFESSIONAL DEVELOPMENT

- We are currently in Phase 3 of the CSIP/CDIP. That phase includes 4 total diagnostics:
 - CSIP/CDIP
 - PD Plan
 - Executive Summary
 - Superintendent GAP Assurance for Districts and Closing the Achievement Gap Diagnostic for Schools

ASSESSMENT

- LES students in grades 1 - 6 and 7th and 8th grade students at DHS are in the middle of CASE testing.
- Mr. Wright, Mr. Herbst, Mr. Meyers, and I met with all 9th, 10th, and 11th grade students to review students CERT scores, discuss students' reflections, and create goals for the next CERT assessment.
- As of my monthly DAC webinar last Thursday, KDE is still planning on administering KPREP and state assessments. That is at the direction of the federal government. The Kentucky Board of Education is meeting in December to discuss this.

CDIP/CSIP

- We will approve the CDIP at the December meeting. Per guidance from KDE, we can use the same goals, strategies, activities as last year. We are in the midst of reviewing those right now to determine any needed changes.
