

New or Revised School Design

NEW OR REVISED SCHOOL PROPOSAL

The Office of School Choice shall, on an ongoing basis, collect, review, and analyze appropriate data, including community demand, for the creation of new or revised magnet schools, programs, or optional programs. The Office of School Choice shall provide periodic updates to the superintendent regarding proposals for new or revised magnet schools, programs, or optional programs.

SCHOOL DESIGN

The District shall utilize a cross-departmental collaborative school design model that shall be led by the Office of School Choice.

The school design process shall include a planning year that begins in January in preparation for the October application cycle.

The school design process shall use the JCPS Magnet Program Standards as a guide in the development of quality magnet programming and design.
