Re: 2020-21 District Improvement Plan

Date: December 21, 2020

For the board's consideration, please review the components of our district improvement planning process for the 2020-21 school year as required by the Kentucky Department of Education per 703 KAR 5:225. Below are the requirements and timeline for completion. Our process included district leadership meetings and a virtual stakeholder meeting on November 23 with certified and classified staff, parents, teachers, community members, and school and district leadership. Included are the documents and any relevant attachments. Please let me know if you have any questions or areas for update or revision. Per regulation, we posted the improvement plan on our district website for public review from December 8 until December 22. Upon your approval, we will continue to monitor our progress for each of the activities within the improvement plan and will post items on our district website for public access.

The documents included are as follows with due dates within eProve online system as set by KDE:

- HCS 2020-21 Continuous Improvement Diagnostic due by October 1, 2020
- HCS 2020-21 Need Assessment due by November 1, 2020
- HCS 2020-21 Superintendent Gap Assurance due by November 1, 2020
- HCS 2020-21 Professional Development Plan due by January 1, 2021
- HCS 2020-21 Comprehensive District Improvement Plan due by January 1, 2021
- HCS 2020-21 Executive Summary due by January 1, 2021
- HCS 2020-21 Continuation of Learning Plan due by January 1, 2021
