**APPLICABLE BOARD POLICY:**

01.1 Legal Status of the Board

**HISTORY/BACKGROUND:**

The mechanical systems at Woodland Middle School were installed in 1986 and are in need of replacement. Additional items such as flooring, doors, bleachers, sound system, and scoreboard are original to the building as well and are also in need of replacement. During a recent State Security Marshall walk through the overlook was deemed to be a potential hazard and screening was recommended to increase the security of that area of the building. Finally, the football field will require renovation.

**FISCAL/BUDGETARY IMPACT:**
