Northern Kentucky Institute for **STRATEGIC PREVENTION**

Where We've Been and Where We're Going

Presented by Ashleigh DuBois & Dr. Kristen Haddad

ABOUT NORTHERN KENTUCKY INSTITUTE FOR STRATEGIC PREVENTION (NKISP)

NKISP is the first regional infrastructure effort for substance abuse prevention across our 12 school districts:

Bellevue
Boone
Bracken
Campbell
Erlanger-Elsmere
Grant

Kenton
Ludlow
Newport
Pendleton
Southgate
Williamstown

Northern Kentucky
Institute for
**STRATEGIC
PREVENTION**

OUR OBJECTIVES

By August 2025, we aim to:

1. Increase regional prevention infrastructure supports for 12 NKY districts, measured by the number of NKISP meetings.
2. Reduce reports of 30-day vaping among 10th-grade students in project schools by 10%, from 58% to 48% (a 2% decrease each year, as measured by annual KIP surveys).
3. Reduce reports of 30-day alcohol use among 10th-grade students in project schools by 5%, from 16% to 11% (a 1% average decrease each year, as measured by annual KIP surveys).

OUR VISION

Develop strategic partnerships in NKY to cultivate drug-free environments and positive mental health cultures and pave the path to healthy achievement throughout life.

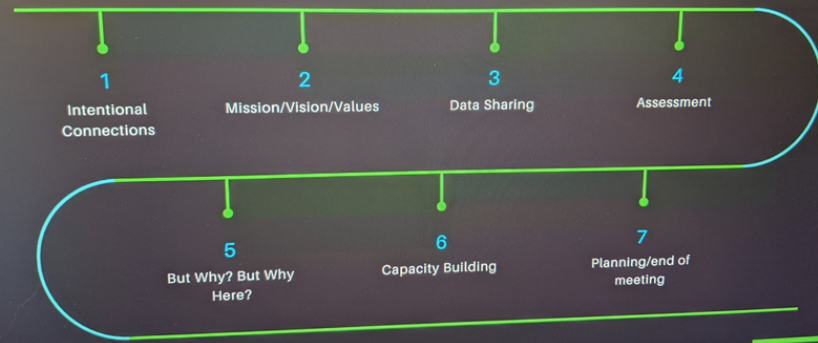

OUR MISSION

To strategically and intentionally prevent substance abuse and drug-related problems in Northern Kentucky by creating partnerships to increase capacity and infrastructure for our school communities to maintain healthy lifestyles throughout the lifespan.

PROJECT ACTIVITIES TO DATE

NKISP Steering Committee Meeting Agenda

Dec 10, 2020 8:30a-10a
