1. The Clearinghouse provides a nationwide, central repository of information on student enrollment, degrees, diplomas, certificates and other educational achievements.
2. The School wants to obtain information on the attendance of its former students in postsecondary institutions. The School wishes to use the services of the Clearinghouse to evaluate the School's programs, improve instruction, and assist in the functions as described below and in the Attachments added hereto and made part hereof. School's research will be ongoing in order to provide a longitudinal study on student outcomes. Individual attachments may be added, deleted or modified by mutual written agreement.
3. The School will transmit to the Clearinghouse lists of its graduates ("Graduates"). Initially, it will transmit a list of Graduates dating back up to eight (8) years and, thereafter, will submit lists of new graduates each year after conferral of diplomas. The School agrees that it will submit its Graduates files electronically and that they will contain the data elements and configuration reasonably required by the Clearinghouse.
4. Upon request, the Clearinghouse will compare the School's Graduates with its database and provide the School with data on the subsequent enrollment and educational achievements of its students at postsecondary institutions. In addition to the Graduates file, the School may also submit lists of graduates and other former students in a format reasonably required by the Clearinghouse ("StudentTracker Request Files"), and the Clearinghouse will provide data on the subsequent enrollment and educational achievements of these students at postsecondary institutions.
5. The Clearinghouse will not release any personally identifiable information except as specifically provided under this Agreement, including Exhibits . The Clearinghouse may not in any way use or supply student personally identifiable information obtained hereunder beyond the specific purposes set forth in this agreement, specifically including, but not limited to any marketing of products or services.
6. Both parties acknowledge that the security of the information exchanged is of critical importance. Both parties will comply with all applicable laws and regulations concerning the security and dissemination of the information exchanged hereunder including, but not limited to, The Higher Education Act and related federal regulation, FERPA and related federal regulation, Gramm-Leach-Bliley and related federal regulation and any applicable state laws concerning the privacy and security of the information to be shared hereunder. The Clearinghouse will maintain an information security program including technological, physical, and operational safeguards, a copy of a summary of which will be available to School on request. Such program will include technical and operational safeguards as required under the above referenced laws. The Clearinghouse shall not store any school provided personally identifiable in its custody outside of the United States.

In the event either party determines that an event has occurred that reasonably leads it to believe that there has been an unauthorized or improper disclosure of the information exchanged under this agreement that party will promptly notify the other unless specifically directed not to make such notification by law enforcement. Such notification will include the nature of the incident, the information compromised and the action taken. The parties will cooperate and keep each other fully informed until the incident is resolved. Either party shall have the right to immediately suspend service under this Agreement until the resolution of such incident.

The Clearinghouse agrees to indemnify and hold the School harmless from any direct loss, cost, damage or expense suffered by the School as a direct result of the Clearinghouse's failure to comply with its obligations under this Agreement. The Clearinghouse will maintain insurance covering errors and omissions in its data processing operations in the amount of at least two million dollars (\$2,000,000).

7. In consideration of the services provided by the Clearinghouse under this Agreement, the School agrees to pay the Clearinghouse a fee in accordance with the Clearinghouse's published Schedule of Fees for Secondary Schools. The Clearinghouse agrees to provide the School with ninety (90) days prior written or electronic notice of any increase in the fee for this service. The Clearinghouse uses its best efforts to review, interpret, and follow publicly disseminated guidance on FERPA in the development and operation of its services and provides for the release of only unblocked directory information unless FERPA authorizes release without consent. The School is solely responsible for its compliance with FERPA, and the Clearinghouse is not liable for any errors or omissions by the School that may give rise to FERPA violations. Both the Clearinghouse and the School agree to comply with all applicable Federal, State, and local statutes, regulations, and other requirements pertaining to the security, confidentiality, and privacy of information exchanged with and maintained by the Clearinghouse.
9. The School agrees that it shall not use data provided by the Clearinghouse for any purpose not authorized by this Agreement. The School agrees that it may only disclose the data provided by the Clearinghouse to school boards and school officials whom it has determined to have legitimate educational interests. The School agrees that it will not release data provided by the Clearinghouse to any other individuals, institutions, or organizations, other than those identified above, either in student or postsecondary institution identifiable form, without the Clearinghouse's express written permission and payment of any additional fees that may be required.

13. The Clearinghouse will institute and maintain reasonable controls to ensure the integrity and security of its database and data transmission systems so that it releases information solely to authorized Requestors in accordance with the terms of this Agreement and applicable law. Such controls will adhere to best practices and standards within the education community related to information security and will include technical, operational and physical controls which will be reflected in a comprehensive information security policy. The Clearinghouse will provide periodic security training to its employees who operate or have access to the database and data transmission systems. The Clearinghouse agrees to indemnify and hold the School harmless from any direct loss, cost, damage or expense suffered by the School as a direct result of the Clearinghouse's failure to comply with its obligations under this Agreement. The Clearinghouse will

maintain insurance covering errors and omissions in its data processing operations in the amount of at least two million dollars (\$2,000,000).

14. The School may audit the performance by the Clearinghouse of its duties and obligations hereunder at the Clearinghouse offices during normal business hours but no more frequently than annually. Audits require 30 days advanced notice and will be scheduled at a mutually convenient date.
15. The Clearinghouse will not retain or release personally identifiable information provided by the School except as specifically authorized under this Agreement. The Clearinghouse may retain or release information received from the School under this Agreement that is in aggregate or statistical form and does not contain Social Security numbers or other personally identifiable information. The School retains full ownership rights to the information in the education records it provides to the Clearinghouse. Upon termination of this agreement, the Clearinghouse will immediately discontinue use of any information that has been provided to it by the School. The Clearinghouse agrees to destroy all information provided under this Agreement: (1) at the School's request; (2) when the data is no longer needed to achieve this Agreement's purposes, (3) upon termination of this Agreement, or (4) as otherwise required by State or Federal law. School agrees that Clearinghouse may maintain data provided by the State, when such data is needed to satisfy audit or other State and Federal legal and regulatory requirements. Certification of this destruction will be at the School's request per the Clearinghouse's data deletion policy, or as otherwise may be required by the School.
16. Both parties understand that the purpose of this study includes a longitudinal evaluation of the outcomes of the School's programs, and as such there is no firm end date for the study. School agrees that, on an annual basis, it will review the need for data received under this Agreement and destroy all personally identifiable information received from Clearinghouse when the data is no longer needed to achieve this Agreement's purposes.
