South Todd Elementary School

To: Attn. KDE Reviewer

BG#: 21-064, Todd County (551)

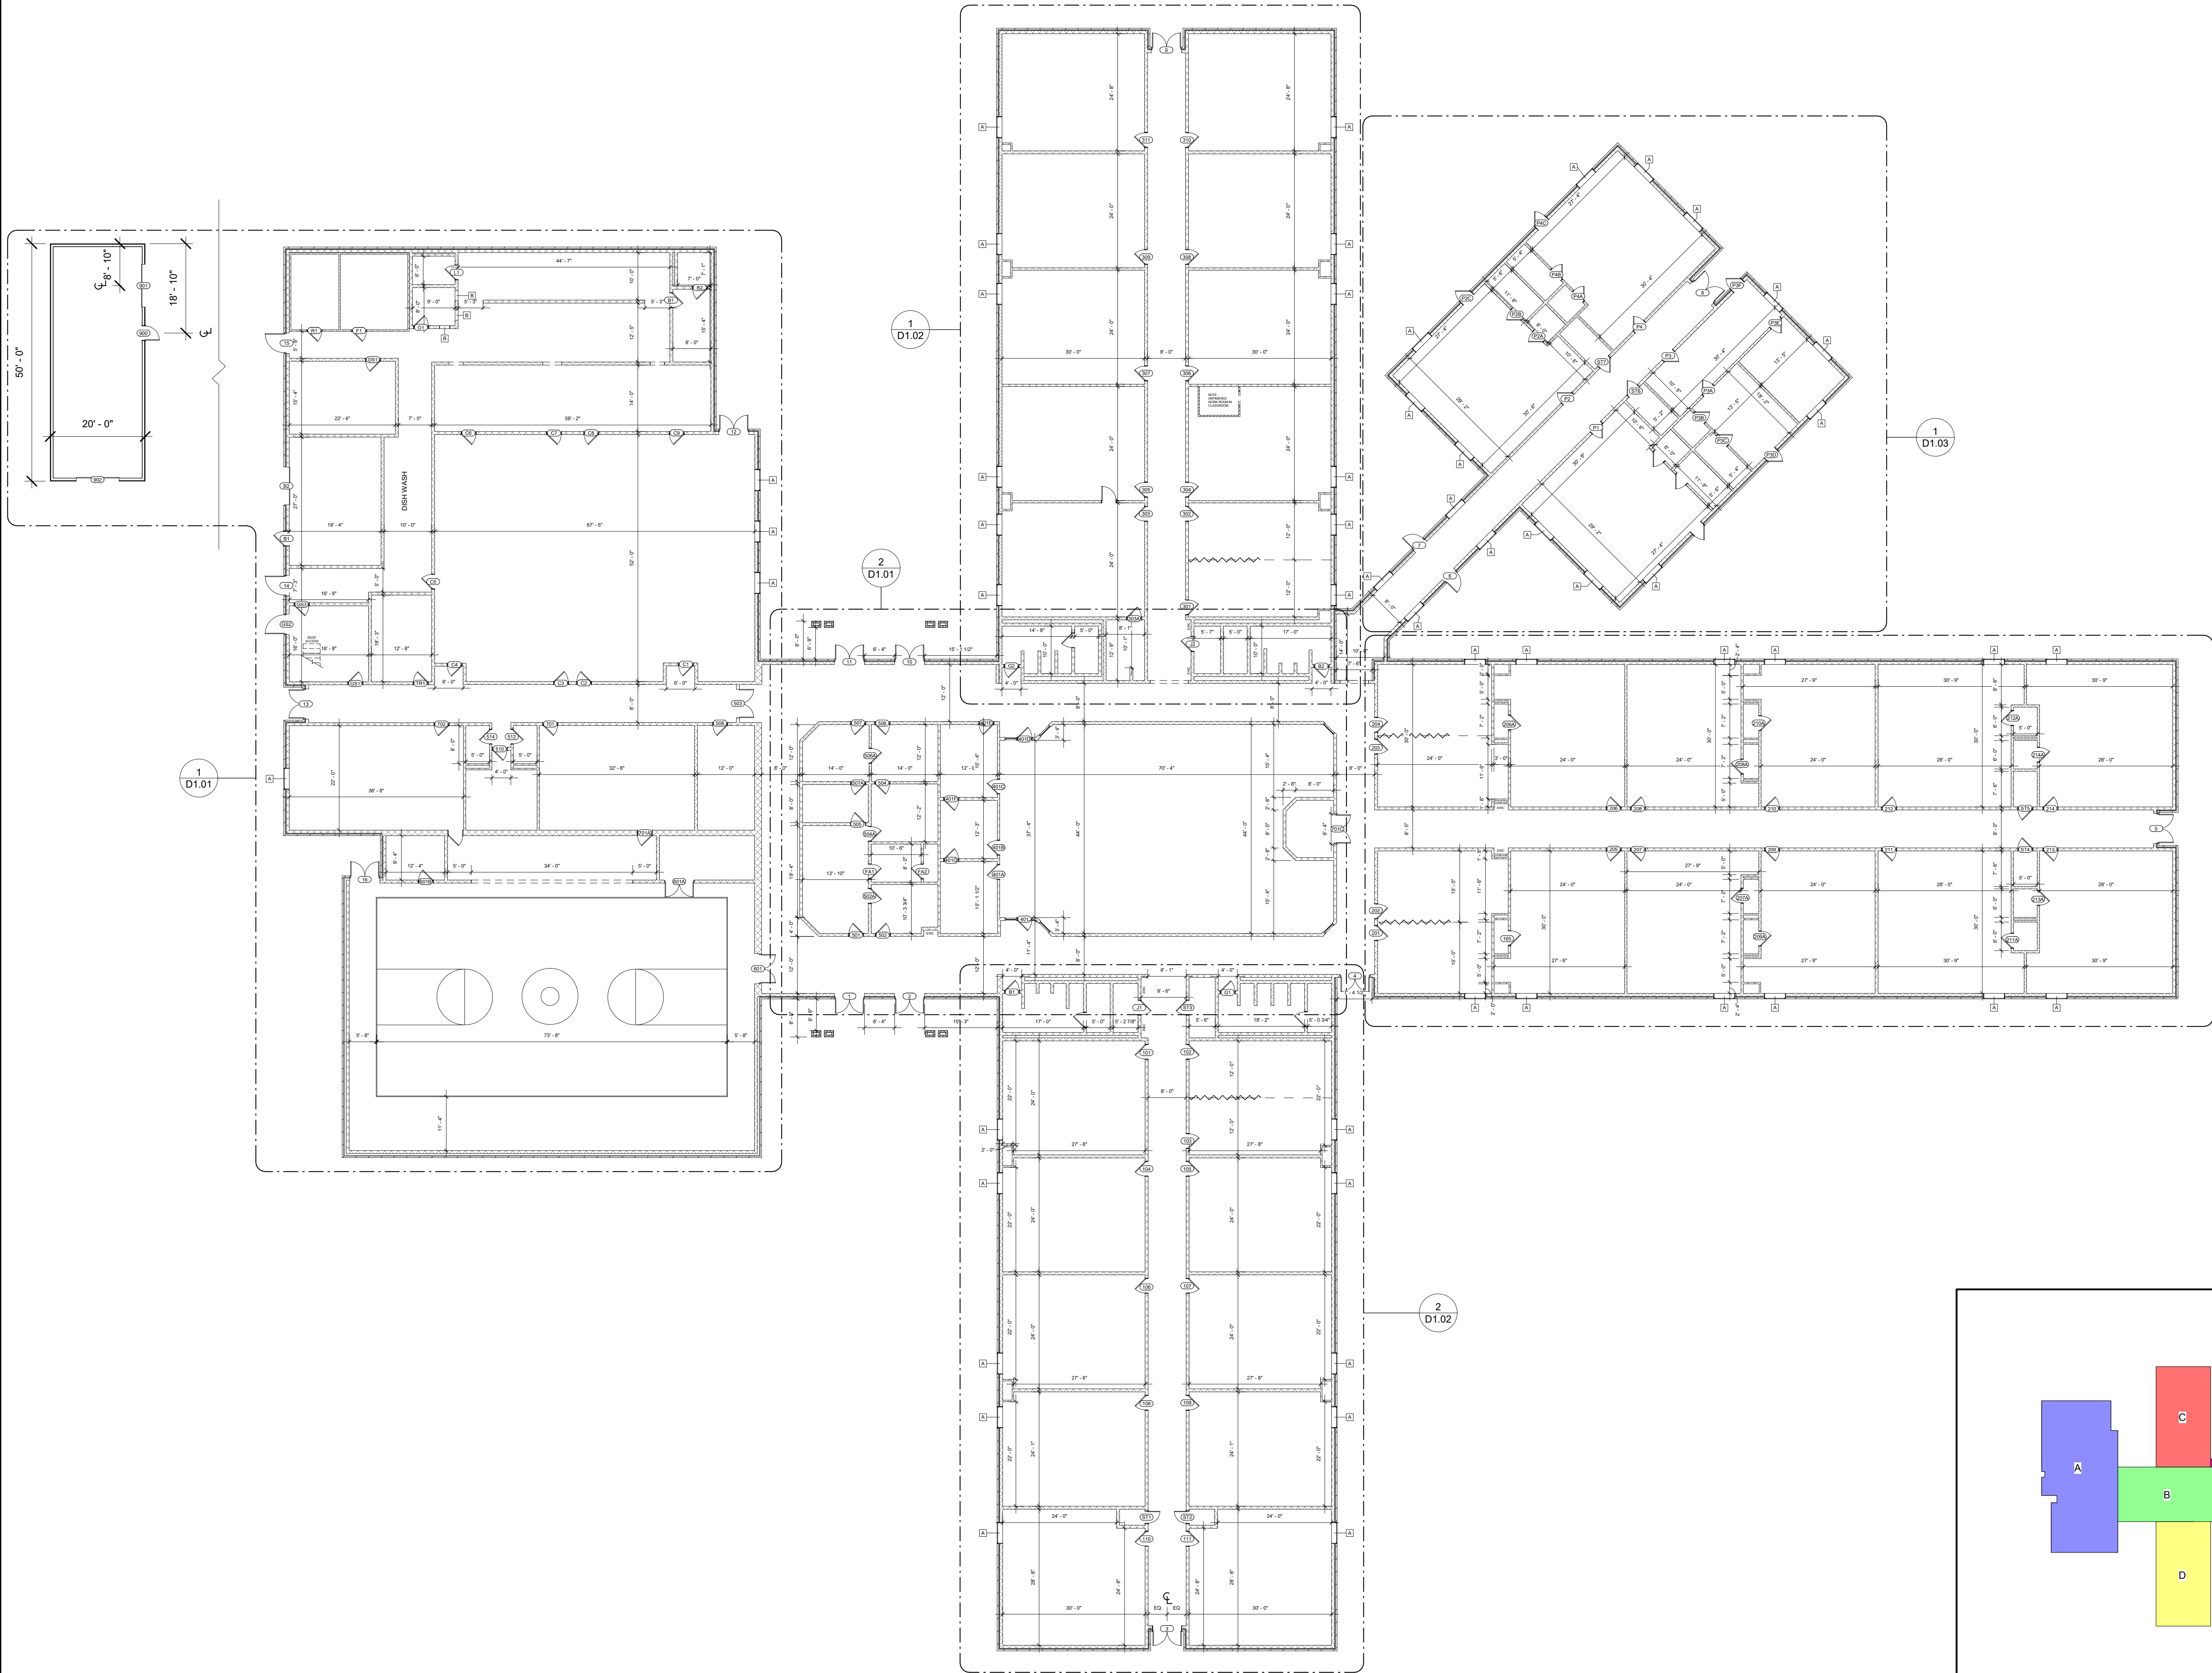

PROJECT SCOPE OF WORK

This document defines the work to be carried out in the contract documents. It is meant to describe the scope of the project from the initial start date of (11/19/2020) to the final submittal of all contract documents (2/16/2021) to ensure the contract documents match the work required by all owners and entities involved in the construction process.

PROJECT TASKS

1. Upgrades to doors and hardware throughout the school for security purposes. This scope of work is also required at the Annex building behind the school. Staff will be given access cards to required areas. The system is planned to be a wireless access control system to reduce demolition to the existing structure. Some doors may need to be replaced due to damage from use and pre-existing hardware.
2. Upgraded HVAC controls to tie into main campus system. This also includes added an air purifier to HVAC units to remove/destroy airborne contaminants and bacteria.
3. New intercom system and upgrades to the existing fire alarm system.
4. General painting of walls, doors, and frames as deemed necessary by the owner.
5. Concrete pads for various sports activities.
6. Asphalt patching/reseal as defined by the owner.

END OF SCOPE OF WORK
