

Process & Performance Department Attachment to Board Memo for MOU REGARDING SAVVAS LEARNING & STROBEL CONSULTING

A request was made by Learning Support Services for Emergency Approval allowing for permission to enter an MOU with these entities on 1/22/2021 by Director Linda Black on behalf of New Haven Elementary. Due to confusion created by COVID-19 and a test window for the study employing a K-8 Math Assessment closing on 1/29, an approval to proceed was permitted by Process & Performance Director, Justin Madden, and the Office of CAO, Dr. Jim Detwiler on 1/22/2021.

I grant permission to proceed with Docu Signing this MOU allowing Jenny Watson to execute on behalf of Boone County Schools as of the date listed below.

A handwritten signature in cursive script, appearing to read "James Detwiler", is written over a horizontal line.
