

Garrard County Schools and Whole Latte Love Teacher of the Month

Doriska Austin

Garrard County Area Technology Center

Doriska Austin is a former graduate of GCHS and completed the MNA program as a student of Mrs. Smith's. Doriska Austin has gone above and beyond starting up the new Phlebotomy pathway for Garrard ATC. Even with the challenges of COVID restrictions she has been able to get her students the required clinical venipunctures by being flexible with scheduling outside normal school hours. This year she is teaching a dual credit MNA course in the morning and has her Phlebotomy class in the afternoon made up of LCHS and GCHS students. Doriska is an active advisor for HOSA. Doriska has been very helpful to our other teachers this year with her knowledge of Google classroom and virtual teaching ideas.
