Re: Standard 5 – Managerial Leadership

Standard 5: Managerial Leadership

SUMMARY The superintendent ensures that the district has processes and systems in place for budgeting, staffing, problem solving, communicating expectations, and scheduling that organize the work of the district and give priority to student learning and safety. The superintendent must solicit resources (both operating and capital), monitor their use, and assure the inclusion of all stakeholders in decision about resources so as to meet the 21st century needs of the district.
