

March 2, 2021

NKCES has been in communication with Grant County Public Schools regarding their request to join the Northern Kentucky Cooperative for Educational Services.

Grant County Membership

Executive Director Razor shared the projected cost for 2021-22 and a prorated cost for the remainder of the year. According to policy 01.111, to be considered for membership the board must take a vote. I have shared this information with Superintendent Morgan. If we vote to accept their district as members, he would like to take the membership opportunity to his board on March 11th.

Please see below email correspondence from Grant County Superintendent, Mr. Matt Morgan regarding his desire to join NKCES.

Subject: RE: Northern Kentucky Cooperative for Educational

If you can get me a price and discuss with your board on the 10th, I can meet with my board on the 11th and hopefully finalize it.
