On behalf of the students of the Southgate Independent School District, I want to express my appreciation of your organization allowing us to temporarily remove part of the fence by the street to allow the modular classrooms to be constructed on our school site. We understand that it is the responsibility of our school district to replace the fence and repair any damage done to the ground or any other surface of the Optimist playground.

If you have any questions about this project, please call me.

Thank you again for all you do for our students and for your help with this construction project.
