Student Achievement Report/Data

Student achievement is why SBDM councils are here! That means we don't just talk about achievement goals, we analyze the *impact* our efforts have on students.

Let's reflect on these principles:

1. Our SBDM council is committed to all students mastering state academic standards.

How do we demonstrate that commitment? _____

How do we communicate to our shareholders? _____

How do we listen to our shareholders? _____

2. Student understanding of standards is measured regularly in our school by _____.

When students don't master the content, they _____.

*Before the next meeting, be thinking about the above questions and be prepared to answer.
