RE: River Ridge Window Awnings

Mr. Mann:

Thank you for the opportunity to continue to serve you and Kenton County School District. We have assembled the following proposal and budget for the proposed work requested at River Ridge. Below is a brief description of the proposed work.

Window Awnings: The request was made for awnings on the North side of the building. Since the building does not face perfectly on a north-south axis, in our meeting we determined twenty-five (25) windows could use an awning similar to the existing. We have included an all-terrain lift to get around the building.

The cost for this work is \$24,893.00.

Exclusions – We have not included restoration.

If you have any questions or would like additional information, please don't hesitate to call me at 859-992-2470. This budget is valid for 15 days.

Sincerely,
Hermes Construction Company
