Re: Standard 6 – Collaborative Leadership

## **Standard 6: Collaborative Leadership**

**SUMMARY** The superintendent, in concert with the local board of education, designs structures and processes that result in broad community engagement with support for and ownership of the district vision. Acknowledging that strong schools build strong communities, the superintendent proactively creates, with school and district staff, opportunities for parents, community members, government leaders, and business representatives to participate with their investments of resources, assistance, and goodwill.

## **Artifacts:**
