RE: Request for Board Approval
North Bullitt High School Striping Parking Lot for Band Use and
Install Card Reader Access for Two Classrooms (For Outside Entry)

I am requesting Board approval for striping the parking lot to facilitate band use at North Bullitt High School. The paint color will be yellow so that all lines painted will not interfere with traffic flow and parking.

Additionally, to eliminate the need to issue building access control keys, I am requesting that the board permit the installment of card reader access on both classrooms #s: 14 and 15 at North Bullitt High School.

I recommend the Board approve the above stated request.

RE: Alterations to Building Spaces

1. NBHS Band Director, Brandon McKinley, would like to paint lines in the student parking lot to use as markers for practicing marching during band camp this year. The lines would be painted in yellow in contrast to the white parking lines (see map).
2. We will be utilizing rooms 14 and 15 for teacher designated working areas. Rather than giving all teachers a key to those rooms and for ease of entry, we would like to coordinate with maintenance and technology to install ID badge readers on those doors.

Thank you for your time and attention.

J Lail, Ed.D.

Principal, North Bullitt High School
