

Issue Paper

DATE:

March 3, 2021

AGENDA ITEM (ACTION ITEM):

Consider/Approve Simon Kenton senior, Zakary Mamaril, for graduating early due to enlistment in the United States Marine Corps, retroactive to March 1, 2021.

APPLICABLE BOARD POLICY:

08.113 - Graduation Requirements

HISTORY/BACKGROUND:

Zakary Mamaril is an 18 year old, 12th grade student at Simon Kenton. He has completed all coursework required for graduation as set forth by the requirements of Simon Kenton SBDM and KCS D board policy. Zachary declared his wish to graduate early for enlistment in the marines during mid-January, 2021. At that time, he had not yet completed the curriculum required for graduation. He completed those requirements on or about January 29, 2021. Efforts were made to get updated paperwork showing an accurate enlistment date in order for us to request Board approval, however Zakary had already left town to start his pre-boot camp quarantine. Since then, his recruiter has confirmed a new ship date of March 15, 2021, contingent upon Zakary being graduated from high school. In order to make the March 15th ship date, it is necessary that his graduation date of March 1, 2021 be approved retroactively. It is my opinion that allowing Zakary to graduate early is in the best interest of our student so he can pursue his career goals as a marine.

FISCAL/BUDGETARY IMPACT:

None

To The Board of Education

Zakary Mamaril is eligible to enlist in the United States Marine Corps upon his early graduation from Simon Kenton High School. The only way for him to ship to boot camp is for the Board of Education to approve his early graduation as of March 1st 2021. After having interaction with Mr. Mamaril I believe that the military is the best path for him. By Mr. Mamaril graduating early this will not only benefit him now but also in his future. If there are any questions about this please contact Staff Sergeant Barninger at 859-432-0554 or at andrew.barninger@marines.usmc.mil.
