COMPLETE CONTROL OVER PRINT, COPY, SCAN AND FAX.

PaperCut print management software delivers real bottom-line savings for organizations of all sizes. It's scalable and customizable to your specific business needs. Implementation ranges from simply tracking users, departments, or devices to encouraging responsible use with quotas, print policies, and advanced scripts. Rest easy knowing your organization's printing is monitored and under control.

FEATURES AT A GLANCE

- **Protect sensitive documents with Secure Print Release**
- **Allocate costs to personal or shared accounts**
- **Secure printing from anywhere on the network**
- **Promote savings with duplex and B&W printing rules**
- **Keep staff printing responsibly with popups and reminders**
- **BYOD printing for smartphones, tablets, and laptops**
- **Connect print rooms and Fab Labs to PaperCut**
- **Manage workflows with filters, restrictions, and redirection**
- **Seamlessly scan documents to email, folders, or the cloud**

Elatec

Elatec's primary expertise lies in the development and sale of short-range contactless writer/reader modules and contact writer/reader modules – such as RFID, NFC, Bluetooth and smartcards. ELATEC solution architectures support the customer's entire value chain, with solutions that meet specific demands, can be used anywhere in the world and are absolutely reliable.

Their most successful product is the universal reader TWN4 MultiTech. It is compatible with more than 60 internationally established RFID technologies and can be integrated into every industrial application – from secure printing and access control to point-of-sale systems

Elatec's family of RFID reader/writers is available in various forms which are designed for a wide variety of applications. Thanks to the underlying TWN Technology their behavior can be adjusted in order to act accordingly in different identification scenarios. Depending on the specific use case at hand you can choose among.

ELATEC
RFID Systems

Features at a Glance

- > supports TWN4 MultiTech or NFC technology
- > wireless (re)programmable
- > card emulation – a smartphone can be used as a contactless identification card
- > read/write mode in which an active device such as a smartphone can read out pre-saved information in a passive one (i.e. NFC paper label).

A COMPACT DESIGN THAT LEAVES NOTHING OUT

Small to medium workgroups need to get a lot more done often using fewer resources and minimal space. That's the thinking behind the e-STUDIO3518A. Plenty of functions, lots of capacity, and a small footprint with a fresh, new look.

The e-STUDIO3518A includes all the features you would expect from a top quality MFP. A new tiltable, touch swipe 10.1" color panel works like a tablet so you can find whatever you need by just swiping your finger. A 300-sheet high-speed, high-capacity Dual-Scan Document Feeder (DSDF) produces up to 120 IPM simplex and 240 IPM duplex. A conventional RADF is available for less scan-intensive businesses.

Multi-Station Print Enabler allows users to send print jobs from their desktop and retrieve them at any convenient MFP by simply swiping their badge and authenticating at that device.

FEATURES AT A GLANCE

- **Copy/Print Speed:** 35 PPM
- **Copy Resolution:** Up to 2,400 x 1,200 dpi
- **First Copy Out:** 3.6s
- **Paper Capacity:** Standard 1,200 Sheets / Max 3,200 Sheets
- **Scan Speed:** DSDF Scan—240 IPM Duplex, 120 IPM Simplex; RADF Scan—73 IPM
- **Memory:** 4GB
- **Reproduction Ratio:** 25% to 400%
- **Max Duty Cycle:** 125K Month
- **10.1" Color WVGA Touch Screen Tilting Display**

TOSHIBA

EMPOWERING THE ART OF BUSINESS®

At Toshiba, we are focused on helping businesses better control their productivity and profitability by delivering innovative imaging products and content solutions.

TOSHIBA AMERICA BUSINESS SOLUTIONS, INC. (TABS)

is an independent operating company of Toshiba Corporation, one of the largest integrated electronics and electrical equipment companies in the world with more than 140,000 employees globally and annual sales surpassing \$37 billion. TABS is a leading managed print and content solutions provider with experts that help organizations print smarter, improve workflow and communicate better.

Our current and future commitment is to continue to improve and enhance the functionality and capabilities of our digital imaging products and content solutions. Toshiba invests more than 6% of its annual revenue to Research & Development, and deploys a network of R&D centers around the world. In an average year, Toshiba Corporation is awarded more than 5,000 patents, many of which find their way either directly or indirectly into our multifunction office solutions products.

OUR MISSION

As a technology company, we go way beyond printing. We are a creative and nimble organization that empowers our people to do whatever it takes to help our clients succeed.

OUR VISION

Empowering new and better ways to deliver ideas and information.
