The Estill County Health Department is planning to host a community-wide Covid-19 Vaccination Clinic on Saturday, April 24, 2021 for Estill County residents 18 years of age and older. We will be providing 1,000 doses of the Johnson & Johnson vaccine to those who have not been vaccinated in the community. We are requesting to utilize the Estill County High School campus as the host site for this drive-thru vaccine clinic. This would include use of the parking lot and access to a restrooms for staff and volunteers to utilize. The clinic would begin at 830 am and would end at 4pm.

Please respond with your approval/disapproval. Thank you in advance for consideration of this request.

Respectfully,
Elizabeth Walling
