**Consent Agenda Item (Action Item):** Delivery Vehicle Lease for Summer Feeding Program

**Applicable State or Regulations:** KRS 162.90 Powers and duties of the local board.

**Fiscal/Budgetary Impact:** Cost of leasing a transport vehicle for Summer Meal Delivery will come from federal reimbursement generated by the School Nutrition Program and ESSER II funding.

**History/Background:** The Floyd County Schools will implement 3 Summer Feeding Mobile Routes. The program currently has a mini-van and a truck to utilize but we will need a 3<sup>rd</sup> vehicle to accommodate student feeding at several of our schools and in the community. Our mobile routes target housing authorities in each of our attendance areas in the county. There will be an increased need to transport meals to children participating in Summer School since many of our kitchens will be closed during our Summer School and Summer Meals Program. Several kitchens will close after the kitchen staff at those sites complete their contracts. Many of our staff members have worked non-stop since the pandemic began. I would ask that the Floyd County Board of Education give permission for the district to lease a vehicle to deliver meals for the months of May, June, July, and August.

**Recommended Action:** Approve as recommended.
