RE: Request for Board Approval:

Permission to post (9) painter positions and (1) paint crew supervisor.

Upon Board approval, the ten previously named positions will be posted using funds allocated in the 2021-2022 budget. The cost of the work is \$30,000 plus miscellaneous material and resources cost of approximately \$10,000. A list of painting needs is being compiled and studied by the maintenance department leadership and will be used to set the painting schedule for the summer work.

If painting positions are approved, the summer painting schedule will begin in June and work will be performed on the following dates: June 07, 11, 14, 18, 21, 25, 28 July 02, 06-09, 12, 16, 23, 26, 30. The work schedule is based upon working primarily on Mondays and Fridays, work will be 10 hour days to coincide with maintenance work hours.

I recommend the Board approve the request to post (9) paint crew member position and (1) Paint crew supervisor positions.
