

**GAP CDIP GOAL**

By the year 2022, Lincoln Elementary School will increase the gap rate of students with disabilities from 30% to 50%, and Dayton Middle School will increase the gap rate for students with disabilities from 44.9 to 54.9.

**GAP CDIP OBJECTIVE**

Collaborate to increase the gap rate of students with disabilities from 30% to 40% at Lincoln Elementary School and from 44.9 to 55 at Dayton Middle School.

**GAP UPDATE**

85% of our students are on Free/Reduced Lunch, therefore, we have an inverted GAP meaning the majority of our students fall into the GAP category. Because of that, our GAP scores increase and/or decrease as our Proficiency scores increase and/or decrease.
