

*Garrard County Schools & Whole Latte Love Teacher of the Month
May 2021*

Sharon Hurt goes above and beyond for Lancaster Elementary and our students. She is a lifelong resident of Garrard County and if you mention her name, everyone knows her. She is the former Kindergarten teacher that all parents wanted their children to have and she is the culture builder of our school. She is also the best, most intense no nonsense, driven Academic team coach in the history of academic teams. Our school has a successful academic team that won its first Region, a first for our district also, because she cares enough about our students and school to practice and push our students to do their very best.
