

Cyber Safe Teen for Schools

We deliver 98% less Sexting and Cyberbullying by your students (20,000+ and counting)

Less Sexting Means:

- Fewer students having to be **pulled out of the school** because their nude pic has circulated across the entire district
- Fewer **hours and days** spent stopping the images from spreading, interviewing students, confiscating phones, dealing with mad parents because you confiscated their kids phone
- Fewer hours spent in disciplinary proceedings, writing reports, **fielding calls from the newspaper**, and phone calls with the superintendent's office.
- Fewer times the **police have to be called** and students are receive felony charges for creating, sending, receiving, or forwarding these images
- More time **doing what you are passionate about**...helping students create bright futures

Less Cyberbullying Means:

- Fewer **fights in the girl's bathroom** because of what one girl called another last night on SnapChat
- Fewer **emergency mental health** evaluations from a young boy contemplating taking his own life because of the constant online and in-class harassment
- Fewer times **grief counselors** have to be mobilized to support the classmates of a student that ended their life
- More time supporting your students and **creating the learning environment** you spent hours upon hours envisioning being a part of while in grad school.

There is a solution that ensures your students use social media in a positive way

Through In-Person, Live Online and On-demand videos

- A 6th grader, who was dreading another online class, came away from the On-Demand training telling her FRYSC that "Every students needed to see this training"
- An 8th-grade student reached out during our CST for Schools In-Person training to say they were suicidal from being cyberbullied and received immediate help
- A High School said that sexting went from the biggest issue they were facing to rarely dealing with sexting issues after the entire school was trained in CST for Schools

Terms:

CST for Elementary or Middle/High School

This is On-Demand video training that teachers can access at any time to their custom website or Google Classroom integration and present to their students whether in class or online. CST On-Demand hits Sexting, Cyberbullying, Predators, and how these will affect their futures in an age appropriate way.

CST for Parents

This On-Demand training helps parents become educated and engaged in the dangers facing their online child and create a family safety plan. *Schools have used the cyber safety contract as proof they attended the training.

CST CEU for Educators

This On-Demand training for school staff gives them a "behind the scenes" look at what our kids are really doing online, the dangers they face, and how educators can help their students navigate this time of their lives to build a brighter future free of the social media baggage so many kids carry into adulthood. Training is one hour and CEU eligible if approved by your local district.

Google Classroom Integration

We create a custom Google site for your school. Whomever you choose to have access to this site will be able to access the site through the website link we provide them or use that link to add to their Google Classroom. All training is simply click and play. Videos have discussion questions that the presenter can use to engage their students.

Student Q&A

Students get their questions answered after watching the On-Demand videos. Teachers send us their students' questions and we reply with a personalized video answering their questions.

Teacher Resources:

Quick Tip Videos covering a range of topics like app reviews (Onlyfans, tiktok,...), predators, cyber bullies, and more. Easiest way for educators to stay up-to-date with what their students are doing outside the classroom.

4-Cores Facebook Live

We take care of all the tech stuff to create a Facebook Live training for parents on your Facebook school or FRYSC page. This Facebook Live will be a resource that will educate your parents on the core fundamentals of keeping their online kids safe from predators and be a forever resource you can point parents to in the future.
