Excellence in Education Celebration –

The awards ceremony at Ignite was on April 21 and it was a great evening. Thank you to all the Superintendents who were there to announce and support the award winners.

Advocacy – Mike Borchers will be giving a verbal update at the meeting.

One-to-One – We have received one grant and are waiting on answers from the others. We will begin soon recruiting for additional coaches for the 2021-22 school year.

The Dr. James E. Randolph Medical, Healthcare & Scientific Leadership Program –

We met with representatives from St. Elizabeth and Thomas More University to discuss details of the program. The program is set to start in September of 2021 and will likely be virtual for the first year. Another planning meeting is in two weeks and we will share more information as it is available.
