SCMS Summer School Update:

We had 100 students that failed the first semester of English and/or Math. Those students have been targeted for interventions and summer school to recover the credit(s). We currently still have 81 on the list for summer school. Karen Leff has historically invited 100+ free/reduced students, and we typically have another dozen that sign up for various reasons. So, if everyone attends 180-190, realistically 120. We have 18 teachers teaching summer school. They have already met and planned their curriculum. We have 6 per grade which should put groups at 10 or less which is ideal for interventions. One of those 6 will be an ECE teacher to assist in differentiation and modifications/IEPs. This will be M-Th, 8-3pm, 1 hour of Math and 1 hour of English both AM and PM with lunch and team building/mental health mid-day.
