Dayton High School Students and Families,

We are excited to share a great opportunity to continue learning and GROWING throughout the summer with our Summer Enrichment!

What Is It? Summer Enrichment is an opportunity to continue with Math and English-Language Arts lessons throughout the summer.

What Is Expected of Me? Students are expected to spend a minimum of 30 minutes a day, four days a week, using online platforms that will deliver lessons based on their specific areas of growth! For Math, students entering grades 7-9 are expected to spend 15 minutes a day on SuccessMaker while students entering grades 10-12 are expected to spend 15 minutes a day on IXL. For ELA, students entering grades 7-12 are expected to spend 15 minutes a day on IXL.

In total, 1080 minutes (540 on SuccessMaker or IXL for Math, 540 on IXL for ELA) throughout the summer are required (these minutes equal 9 out of the 10 weeks to accommodate those who may not be able to participate every single week). This sounds like a lot, but remember it is only 30 total minutes a day, four days a week, from June 1st-August 5th!

What's In It For Me? Students who complete the total number of days and the total number of minutes required from June 1st-August 5th will be able to choose between either **Wireless Earbuds** or a **Bluetooth Speaker**! **All students who complete the requirements will earn their choice of prize!**

Students will also be able to keep their student laptop throughout the summer to complete their work. *Please note: if your student is not participating in the summer enrichment, their device will be collected.*

Where Do I Sign Up!?!? Students simply need to sign up at the following link by Monday, May 24th to participate!
