

FLOYD COUNTY BOARD OF EDUCATION Danny Adkins, Superintendent 442 KY RT 550 Eastern, KY 41622 Telephone (606) 886-2354 Fax (606) 886-4550 www.floyd.kyschools.us

Linda C. Gearheart, Board Chair - District & William Newsome, Jr., Vice-Chair - District 3 Dr. Chandra Varia, Member- District 2 Keith Smallwood, Member - District 4 Steve Slone, Member - District 5

Date: May 31, 2019

Consent Agenda Item (Action Item): Approve the Technology Plan 2019-2022

Applicable State or Regulations: BOE Policy 01.11 General Powers and Duties of the Board.

Budget/Financial Issues: Technology Plan has items in the budget for Districts/KETS budget.

History/Background: The FCS Technology program is entering into the 7th year of the 1:1 implementation and this is the fourth year gathering Clarity BrightBytes Data for tracking progress in several areas of the program. Goals, data, and needs assessments have been established for future guidance.

Recommended Action: Approve as presented

Planning Team

District Staff [Recommercial to include CIO/DTC, TIS/DLC,	technician, finance officer, superintendent, academic officer, DAC, etc.]
Danny Adkins, Superintendent	S. Denise Isaac, Chief Information Officer
Randy Smith, Lead Network Technician	Brent Rose, Chief High School Instructional Officer
Wesley Turner, ERATE Coordinator/Network Services	Davida Marson, Chief Middle School Instructional Officer
Josh Paige, Network Technician	Rachel Crider, Chief Elementary School Instructional Officer
Jason King, Network Technician	Cassondra Akers, Assessment Consultant
Rob Moore, Network Technician	Cinda Francis, Chief Special Education Officer
Anna Shepherd, Early Childhood Director	Angela Duncan, Chief Human Resources Officer
Building Staff [Recommended to include principals, LMS, S'	TC, counselors, teachers, teaching assistants, etc.]
Lisa Blankenship, SSTIC Adams Middle School	Brandon Martin, SSTIC Betsy Layne Elementary
Sandy Mims, SSTIC Betsy Layne High School	Kenneth Bradley, SSTIC Prestonsburg High School
Cassandra Fulks, Floyd County High School	Kaleb Rodebaugh, Allen Elementary
Leah Turner, Duff-Allen Central Elementary	Greta Gilbert, Prestonsburg Elementary
Will Watts, Stumbo Elementary	Walter Ord/ Justin Holbrook South Floyd Elementary
Additional District Contributors [Recommended to include	de board members, SBDM members, program directors, etc.]
Linda Gearheart, Board Chair	Chandra Varia
Junior Newsome	Steve Slone
Keith Smallwood	
Students [Recommended to include middle and/or high sch	nool students]
Other [parents/community members, business and nonpro	ofit leaders, etc.]
Charles Michael Bell, Digital Learning Coach	Kevin Slone, Gifted and Talented Coordinator
Bobby Akers, Digital Learning Coach	

Previous Plan Evaluation

In this section include a discussion of the "expiring" (previous year's) plan using the prompts below. Attempt to limit your narrative to the space provided.

What goals were met?

Goals for Floyd County Schools are ongoing. The district has continued to progress towards reaching vision and goal in the following:

- A. Continuation of Digital Conversion Project into FCS 1:1 District Plan.
- B. Equal and equitable access to technology for students and teachers through innovative new devices and student laptops.
- C. We continue to maintain current equipment and add additional devices to enhance learning opportunities.

Goals that were not met or didn't have the expected outcomes?

ISAFE Curriculum didn't have the expected outcome outlined for this goal. With the Digital Driver's License program, because every student and teacher are required to complete the modules in order to receive the device students have more incentive to take the curriculum seriously. We really need to improve in this area to fully implement the utilization of all of the software packages purchased by the district.

Areas of improvement?

District will continue to focus on increasing awareness of Internet Safety, STEM implementation, support of STEM Academy as needed, technology standards and technology literacy. Students will receive instruction on internet safety that address CIPA mandates via ISAFE Curriculum on a scheduled basis. The STEM Bus will travel to each school to expose all students to the Computer Science standards using STEM activities. Teachers will follow the K-12 Technology curriculum. The curriculum is divided into grade levels and the expected skills to be taught at each level.

Areas/goals that are no longer relevant?

Needs that emerged after evaluation of the previous plan?

District will begin to start implementing a 1:1 strategy for grades Kindergarten thru 4th Grade. Current climate increases the need for all students to have digital tools made available not only in the classroom but at home as well.

New Plan Preview

This is a high-level overview or executive summary of the plan as a whole. Attempt to limit your narrative to the space provided below. [See <u>Technology Planning section of KETS Master Plan</u> for more information]

How did you and the planning team decide on the goals for this plan?

Our team believes it should be the intent of the FLoyd County School District to provide world class network access in order to maximize student achievement by making the classroom a place where students can learn anytime, anywhere, at all levels with no boundaries.

Briefly discuss the major activities slated for implementation and how these activities will advance curriculum and instruction integration, student technology literacy, professional development, & technology infrastructure.

The district has continued to progress towards reaching the vision and goals in the following:

- 1. Continuation of Technology Integration Project into FCS 1:1 District Plan.
- 2. Equal and equitable access With the benefit of the Last Mile program all students have access to the internet. We have enhanced access for student's district and school access to technology for students and teachers through our 1:1 District Plan..
- 3. We continue to maintain current equipment and add additional devices to enhance learning opportunities.
- 4. Digital Learning Coaches will be utilized for STEM implementation and technology integration across the district.
- 5. School of Innovation will expand CTE Pathways in the 2021--2022 school year.
- 6. Districtwide implementation of Viewsonic Interactive Panel and Dell desktop computers.

Implementation of FCS 1:1 District Plan will increase opportunities for web based resources such as Google, SUMMIT, KHAN Academy, Lexia, Nearpod, Flocabulary, Reading Plus, Apex, Study Island, etc.... This plan has given our district equal and equitable access with an increased opportunity to provide teachers the tools to motivational practices that will increase student engagement, enhance student participation, foster 21st Century Information Skills and improve academic achievement.

Student Voice

Personalized student learning allows students to develop deeper learning competencies including critical thinking, using knowledge and information to solve complex problems, collaboration, and communication. Capturing student input about their access to opportunities that build these competencies is key to effective technology planning. Please answer the questions in the space provided below.

Do you currently have a method to collect student responses about the digital learning environment? If so, which tool (ex: BrightBytes, Speak Up, survey created by you or the district, other)? Floyd County Schools uses BrightBytes to survey students, teachers, administrators. This program integrates purposeful data across ed tech systems, used to analyze results against research-based frameworks, and delivers purposeful information that drives instruction. If you have a method to collect student voices for this purpose, reference specific data points from the collection that were useful in developing strategies for this new plan. Data from the BrightBytes survey shows the district's largest need in elementary, middle and high schools is teachers' use of the 4 C's. The 4 C's of 21st Century Skills are: Critical thinking, creativity, collaboration, and communication. The district principals will monitor this area through walkthrough data.

KETS Master Plan Areas of Emphasis

Connected to the Future Ready Framework

The Future Ready Framework identifies seven Gears to assist districts in developing a roadmap for student success through personalized student learning and collaborative leadership. The KETS Master Plan has identified 37 Areas of Emphasis connected to the Future Ready Framework and are categorized as either 1) Areas of Acceleration (AA) or 2) Areas of Improvement (AI). The "areas of acceleration" are considered big wins, successes, and major milestones of the KETS are identified for continuation work. The "areas of improvement" address emerging areas based upon growth or decline metrics, research, needs assessments, and reporting by Kentucky school districts.

Use the Areas of Emphasis and Future Ready Framework as a lens to analyze current trends, initiatives, needs and goals of your district. Link the work of this new plan identified by your planning team to the Gears and Areas of Emphasis of the KETS Master Plan on the following pages. There is no expectation to address all 37 Areas of Emphasis of the KETS Master Plan. Any strategy that involves Erate, please include in the Budget & Resources gear. If your district has lease agreements (i.e.; device, fiber, etc.), be prepared to reference the quantity during the final submission process.

Robust Infrastructure & Ecosystem

Future Ready Gear

KETS GUIDING PRINCIPLE - A robust infrastructure is one that delivers the device, network and support needs of staff and students to create personalized learning environments using digital tools and resources.

Areas of Emphasis: Areas of Acceleration (AA) / Areas of Improvement (AI)

AA-1: Continue to provide nation's first, fastest, highest quality, and most reliable internet access to 100% of Kentucky's public schools

AA-2: Continue to ensure equity and standardization for delivery of device, network, data and support creating best in class staff and student digital experiences AND provide a system of shared/brokered/managed services maintaining low infrastructure costs and providing support structures promoting the use of personalized learning environments

AA-3: Continue to create a culture of digital connectedness through all- the-time, everywhere, always on digital opportunity and access with emphasis on dense Wi-Fi throughout schools (also including home access, Wi-Fi buses, school and classroom Wi-Fi, etc.)

AA-4: Continue to encourage the use of instructional programs and administrative processes requiring cloud-based services

Al-1: Improve ease of access for student and staff through continued progress toward 1:1 student to computer ratio utilizing increased amounts of mobile devices (fewer traditional computer labs)

KETS AA or Al	Strategy	Person(s) Involved	Anticipated Timeframe	Anticipated Funding Source	Anticipated Funding Amount	How will you know this is successful? (including metrics)
AA-1	Provide high speed (10GB) WAN Fiber connection to connect all district entities to district NOC.	CIO Network Team	On-Going	ERATE General Fund	\$216,000 \$24,000	Bandwidth data shows high utilization but remains comfortable under total capacity.
AA-2, AA-3	Continue to Provide high speed dense wireless across all entities and all classrooms	Network Team	On-going	KETS General Fund ERATE	\$47,888	A. WLAN management system data shows maximized uptime and utilization across district entities. B. Installation of new wireless management system and adaptive captive portal.
AA-2	Continue to maintain IP Office phone system utilizing both VOIP and Analog phones.	Network Team	On-Going	KETS General Fund	15,000	Consistent and reliable end user services
AA-2	A. Equitable distribution of grants. B. Skilled Technical Staff and School Level Support	CIO, Network Team, Instructional Leaders CIO, Instructional Leaders, Network Team	On-Going On-Going	KETS General Fund Title Gear-Up KETS General Fund ERATE		A. District will continue to utilize technology grant opportunities to continue to fund essential equipment, support, and services in order to maintain effective and updated access. B. District will provide a Skilled Technical Network Team in order to Support Digital Conversion needs district wide. District will provide training and certification updates for all Network Team.
AA-2	A. Continued maintenance and support a. Secure Maintenance contracts b. Secure Funding Sources c. Provide for Network integrity d. Prepare Emergency Data Recovery e. Assist School Level Support f. Training and Certification updates	CIO, Network Team, Instructional Leaders	On-Going	KETS ERATE General Fund		A. District Wide Technology related services will be the most current and up-to-date. Costs of upgrading and implementing new 1:1 devices and software programs will be shared through grant opportunities. Network integrity will ensure reliable and safe access. Emergency recovery of data provisions will increase use and confidence of data. Assisting school level support will result in full benefit of instructional resources. Continued training and updated certifications for Network Team

DISTRICT TECHNOLOGY PLAN

						Technicians will assure district-level hardware and services for schools.
AA-2	Implement One2One Manager for device inventory and tracking.	CIO Network Team	2020-Ongoing	KETS	5,600	Robust inventory and tracking of student devices. Includes student device assignment, tracking of repairs, and district location.
AA-3	Provide Microsoft A3 licensing to all faculty, staff, students.	CIO Network Team	On-Going	KETS General Fund	58,000	With the benefits of A3 licensing all faculty, staff, students will have the ability to access and install the latest versions of O365, Office Pro, and Windows.
AI-1	Strategy to continue 1:1 District Plan and assist with admin & teacher training with technology integration.	CIO, Network Team, Instructional Leaders	On-Going	KETS General Fund Title	446,250	-District will support 1:1 Program school wide through available funds -The continued use of devices in schools will provide students, teachers, staff, the opportunities for video conferencing, anytime anywhere learning, 21st century skills, project based learning, and increased communication between the teacher, student, and peers
AI-1	Strategy to begin implementing 1:1 District plan for K-4 grades with additional admin and teacher training.	CIO, Network Team, Instructional Leaders	2020-2022	KETS General Fund Title	Approx. 450,000	-District will begin to support 1:1 for additional grades of K-4 through a variety of funds.
AA-1	Implement\(Maintain Wireless management project (MIBS) to streamline and enforce wireless policies.	CIO Network Team	2020-2022	KETS ERATE	Approx. 42,000	-Implememnted MIBS system to manage district & personal devices on wireless system. Applies policies based on usage and authenticated user entered.

Data Security, Safety & Privacy

Future Ready Gear

KETS GUIDING PRINCIPLE - Security, safety and privacy of student data is a cornerstone of digital learning. Policies and procedures are enacted at the state, district and school levels that work in conjunction for this purpose. Student data are then utilized by data fluent educators for improved decision-making leading to increased learning for students.

Areas of Emphasis: Areas of Acceleration (AA) // /Areas of Improvement (AI)

AA-1: Continue to support districts in securely accessing and managing key student and administrative data sets through improved user experiences, refined data collection processes, continuously updated policies and practices regarding student data security, and timely access to data sets that improve the depth and efficiency of student learning (Infinite Campus, Early Warning, MUNIS, eTranscripts, School Report Card)

AA-2: Continue to identify key aspects of data security regularly to build upon the current systems, procedures and policies to remain a leader in mitigating emerging threats (acceptable use policies, firewall updates, data privacy studies, digital citizenship, content filtering)

AA-3: Continue to utilize adoption metrics or trending data for planning purposes that allow EdTech leaders to identify what's working and what's not working based upon data quality and evaluate current systems and solutions to determine effectiveness and future direction (annual auditors, TELL survey, Technology Activity Report, Digital Readiness, Data Quality Study, Data Quality Campaign, BrightBytes, SpeakUp)

AA-4: Continue to migrate key administrative and student data sets to secure cloud-based services that allow anywhere, anytime secure access for the improvement of student learning (Infinite Campus, Early Warning, School Report Card, MUNIS)

AA-5: Continue supporting teacher efforts in taking ownership of digital citizenship skills and education their student in the same skills to foster a secure digital learning environment

Al-1: Educate and support districts in the importance of personnel with duties related to student/staff data quality, security and privacy as well as bringing data privacy to the "radar screen" of teachers/staff (The People Side of EdTech)

Floyd County Public Schools

Al-2: Kentucky K-12 Data systems are first-class but we need to do much better with district using the data available to them as well as providing visual data analytic tools allowing the data to be better understood and more interesting to the average person who does not have a technology and data background

KETS AA or Al	Strategy	Person(s) Involved	Anticipated Timeframe	Anticipated Funding Source	Anticipated Funding Amount	How will you know this is successful? (including metrics)
AA-2	Students will receive instruction on Internet Safety that address CIPA mandates via ISAFE Curriculum.	Safe Schools Coordinator Instructional Team All School Principals	Annually		\$4,200.00 annually	To promote cyber security awareness and digital literacy education.
AA-2	All students will be trained on the Digital Driver's License (DDL).	CIO, Network Team, Instructional Leaders DLCs	Annually	NA	\$0	Reports of completing the training and obtaining the credentials will be evaluated.
Al-1	District Central Office staff are educated and trained on the importance of student data quality, security, privacy.	CIO and or team	Annually	NA	\$0	Training takes place virtually with link located on Technology webpage. Certificates are sent when completed.

KETS GUIDING PRINCIPLE – The Master Plan, as well as district and school technology plans, are aligned to the vision of 21st century skills for students and staff. Revenue streams are aligned to account for the recurring and nonrecurring total cost of ownership to support the 21st century learning environment in a manner that reflects good stewardship of tax dollars to include devices, infrastructure, support, data and human services.

Areas of Emphasis: Areas of Acceleration (AA) // Areas of Improvement (AI)

AA-1: Continue to maximize local and state education technology expenditures through a system of shared/brokered/managed services

AA-2: Continue use of long-term planning strategies that allow for continuity of initiatives and systems (ex. Accounting for cost of ownership over the lifespan of equipment so monies are allocated for repairs/upgrades)

AA-3: Continue to leverage all available state and federal funding opportunities to address required basic cost of living increases, previous budget cuts of basic services, projected growth by districts (e.g. Internet consumption) while maximizing education technology programs and initiatives (Technology Need, E-rate)

Al-1: Make districts aware of position/roles requiring technology-related duties in support of technology and instruction (The People side of K-12 EdTech)

Al-2: Make districts aware of how to reduce expenditures on printing/print services (both in consolidated contract pricing as well as shifting from paper to digital experiences)

AI-3: Evaluate the need and explore new contracts that drive costs down for statewide summative online assessment, learning management systems, printing services and interim based assessments

AI-4: See an increased percentage of districts examining which education technology investments are or are not being maximized

KETS AA or Al	Strategy	Person(s) Involved	Anticipated Timeframe	Anticipated Funding Source	Anticipated Funding Amount	How will you know this is successful? (including metrics)
AA-1	Continue 1:1 Technology Integration	CIO Tech Team DLCs	On-Going	KETS General Fund Title ESSER	\$450,000	Students will have greater access to empower then to have anytime, anywhere, always on, differentiated teaching and learning.
AA-1	Provide Computer Science Enrichment activities to schools through STEM Bus, School of Innovation and CoderZ Implementation.	CIO Tech Team Gear Up CCNs and AIs DLCs	On-Going	Title I ESSER General Fund		
AA-1	Provide high speed (10GB) WAN Fiber connection to connect all district entities to district NOC.	CIO Network Team	On-Going	ERATE General Fund	\$216,000 \$24,000	Bandwidth data shows high utilization but remains comfortable under total capacity.
AA-1	Continue to Provide high speed dense wireless across all entities and all classrooms	Network Team	On-Going	KETS General Fund ERATE	Continuation from previous funding.	WLAN management system data shows maximized uptime and utilization across district entities.
AA-1	Continue to maintain the IP Office phone system utilizing both VOIP and Analog phones.	Network Team	On-Going	KETS General Fund	15,000	Consistent and reliable end user services
AA-1	Provide Microsoft A3 licensing to all faculty, staff, students.	CIO Network Team	On-Going	KETS General Fund	58,000	With the benefits of A3 licensing all faculty, staff, students will have the ability to access and install the latest versions of O365, Office Pro, and Windows.
AA-1, AA-2	Maintain One2One Manager for device inventory and tracking.	CIO Network Team	Ongoing	KETS	5,600	Robust inventory and tracking of student devices. Includes student device assignment, tracking of repairs, and district location.

KETS GUIDING PRINCIPLE – Connecting students and educators to the local and global community is a key factor to student success. The Master Plan will continue to provide opportunities for trusted relationships to build those connections as well as increase communication and transparency with shareholders, including families, districts, vendors, regional education collaboratives, postsecondary institutions and business/industry, in support of student learning and preparation beyond K-12.

Areas of Emphasis: Areas of Acceleration (AA) // Areas of Improvement (AI)

AA-1: Continue to build trusted relationships with shareholders (families, districts, partners) that will reduce risk as well as increase transparency and communication (districts, vendors, higher-education, regional cooperatives)

AA-2: Continue to utilize avenues of communication with shareholders allowing pertinent information and dialog to further student learning efforts (Webcasts, BrightBytes, Technology Activity Report, KETS Service Desk, Office of Education Accountability studies, independent studies, etc.)

AA-3: Continue to utilize tools engaging postsecondary institutions, community members, districts and families in student learning and life after K-12 (eTranscripts, School Report Card and Dashboard tool, Infinite Campus parent and student portal, KDE Open House, Digital Readiness Survey)

Al-1: Partner with postsecondary pre-service teacher and principal programs to provide support in candidate preparation

Al-2: Encourage postsecondary institutions to host STLP events and /or more fully maximize the opportunity to showcase the university and its programs while students are on campus

Al-3: Build relationships with charter schools to determine policies and procedures related to architecture/design, systems security and privacy, services and reporting requirements

KETS AA or Al	Strategy	Person(s) Involved	Anticipated Timeframe	Anticipated Funding Source	Anticipated Funding Amount	How will you know this is successful? (including metrics)
AA-2	Utilize BrightBytes Survey to students, staff to get back feedback on perceptions and needs for technology in schools.	CIO DLCs Instructional Team	January of each year	None	\$0	Results will be available to assist in future planning.
AA-1	Continue to partner with Gear Up to provide Math, Language Arts, and STEAM support/enrichment to our schools and programs (RLC, School of Innovation, Early College Academy).	CIO Gear Up Staff DLCs	September 2018-2025	Gear Up		Evidence of student participation in STEAM activities, increase Math and L. Arts reinforcement opportunities.
AA-3	Continue to provide the electronic student information system, Infinite Campus to allow transparent and timely communication to parents.	CIO DPP	On-Going	General Fund	\$22,000	Family and student communication will increase with the parents. Parents will have access to current information housed in the Infinite Campus program
AA-1	Continue to purchase School Cast Alert System to keep families informed of school events and closures.	CIO Tech Team	On-Going	General	\$13,000	Family and student participation in school events will increase.

Digital Curriculum, Instruction & AssessmentFuture Ready Gear

KETS GUIDING PRINCIPLE – A digital learning experience is fostered by a teacher or coach with the use of rich digital instructional materials that are vetted to the rigor of Kentucky Academic Standards. A robust digital environment provides students with the opportunity to assess their own learning/progress.

Areas of Emphasis: Areas of Acceleration (AA) // /Areas of Improvement (AI)

- AA-1: Continue to provide access to instruction digital content which further aligns to the Kentucky Digital Learning Guidelines
- **AA-2**: Continue providing opportunities for students to demonstrate learning connected to and through technology (empowering students through technology with STLP, IT Academy, etc.)
- AA-3: Continue to finalize and partner with Career and Technical Education (CTE) to promote Kentucky approved K-12 Computer Science Standards and Technology/Digital Literacy Content Standards (based on International Society for Technology in Education standards) for ALL students
- **AA-4**: Continue providing access to online assessment tools that allow teachers and administrators to assess student learning, provide timely feedback to students and make curriculum decisions (online formative assessment tools, interim based assessments, and summative assessments)
- AA-5: Continue to provide districts/classrooms access to digital instructional materials through an equitable of robust digital experience
- Al-1: Identify digital content and tools (curriculum, instruction and assessment) designed to have the highest impact and value (e.g. is the technology making or not making an instructional and learning difference?), including frequency of use by teachers and students
- Al-2: Create a closer connection with Career and Technical Education to expand information technology and computer science career pathway offerings specifically related to computer programming/coding and increase exams available through IT Academy
- Al-3: Play a vital role in implementation of summative online assessment and school report card and dashboard tool of the new assessment and accountability system

KETS AA or Al	Strategy	Person(s) Involved	Anticipated Timeframe	Anticipated Funding Source	Anticipated Funding Amount	How will you know this is successful? (including metrics)
AA-1	Utilize District Web Based Information Services to increase interest, engagement, and increase information literacy	Instructional Team School Principals School Designee DLCs	On-going	Continuation of earlier investment		Principal Observation Lesson Review Review of District and School Websites. Walkthroughs
AA-5	Teachers will utilize Interactive Tools and devices to enhance instruction in all classrooms.	Instructional Team School Principals School Designee, DLCs	On-going	Continuation of earlier investment		Principal Observation Lesson Review Walkthroughs
AA-4, AA-5	Technology Integration Students, Teachers, and Parents will have access to Web Based software (WIN, Google Classroom)	SSTIC Instructional Team School Principals School Designee DLCs	On-going	Continuation of Technology Integration investment		Usage Data Walk Thru Data Student Achievement Walkthroughs
AA-4, AA-5	Schools will utilize Google Classroom to for our LMS for in-class and virtual learning	Instructional Team School Principals School Designee SSTIC's DLCs	On-Going	Continuation of earlier investment		District review and student credit data
AA-4	Students will receive instruction on Internet Safety that address CIPA mandates via ISAFE Curriculum	Safe Schools Coordinator Instructional Team All School Principals	On-going	Title VI Funding	\$4,200.00 annually	Lesson Review and Assessment Report Tracking

DISTRICT TECHNOLOGY PLAN

		DLCs				
AA-2, AI-2	Implementation of FC School of Innovation - CTE Pathways	CIO, FC School of Innovation Principal and Staff, DLC's	Starting August 2020 - On-going	Tech General Fund Title I ESSER		Enrollment and transition ready data will be monitored by CIO, Principal of FC School of Innovation, counselors at the three high schools.
AA-2	Strategy for Student Tech Teams as well as Dell Tech Crew	Network Team, SSTIC FCS select teachers	On-Going	NA	NIA	School staff observations on student tech team work and technical achievements
AA-2	Student Technology Leadership for all Schools -Student Technology Leadership will provide students opportunities to showcase technology skills and experiences that may prepare them for the workforce and prepare them to help address the school's technology needs.	CIO School Principal School STLP Coordinator DLC's	On-Going	KETS General Fund	Schools provide \$500 stipend per STLP coordinator	District led STLP "Open House", Regional and State STLP competitions
AA-4	Students will participate on-line in benchmark assessments throughout the year to monitor progress toward a specific goal.	CIO DAC Principals Teachers DLC's	On-Going	Title General Fund		Students will participate in benchmark assessments such as MAP, ACT like assessments, KOSSA, and other assessments to make mid-course corrections in response to new developments and opportunities as they arise.
AA-2	eSports programs for all high schools.	School Principal, eSport coaches, DLC	On-Going	Title		Students will participate in virtual competitions.

Personalized Professional Learning Future Ready Gear

KETS GUIDING PRINCIPLE - Digital learning expands the access to quality strategies and experiences for educators beyond the traditional methods of professional development. A culture of digital collaboration, workflow and relationships allows educators to build skill sets and instructional best practices with colleagues globally. This approach of increased access and flexibility for professional learning ultimately leads to greater success for students.

Areas of Emphasis: Areas of Acceleration (AA) // Areas of Improvement (AI)

AA-1: Continue building a culture of digital collaboration and connected digital relationships that allow administrators to support and encourage the use of digital tools by staff for professional learning.

AI-1: Provide district with guidance and support to determine crucial learning needs of teachers resulting in more professional learning opportunities related to digital learning tools

KETS AA or Al	Strategy	Person(s) Involved	Anticipated Timeframe	Anticipated Funding Source	No. of the last of	How will you know this is successful? (including metrics)
---------------	----------	-----------------------	--------------------------	-------------------------------	--	---

DISTRICT TECHNOLOGY PLAN

					Amount	
AA-1	District will survey all staff to determine staff professional development needs.	Instructional Team Principals DLC's	Annually	Title VI	\$5,500	Improved awareness of staff proficiency in technology and targeted Professional Development to enhance staff skills in instruction using technology.
AA-1	Staff will receive an annual survey on teacher/administrator technology proficiency to determine growth and set future professional development plans.	Instructional Team All School Principals DLC	Annually	Title Vi	\$5,500	
AA-1	Microsoft, Google and Device Training for digital tools	Instructional Team CIO SSTIC's Tech Team DLC's	Annually	KETS General Fund Title Funds		Enhanced use of school based knowledge of the capabilities of new technologies to enhance instruction
AA-1, A1-1	SSTIC at each school location.	Principals CIO Network Team	On-Going	General Fund KETS	Provide \$3000/HS \$1,500/Elem Level Stipend per SSTIC Position	SSTIC's will serve to assist with all school level technology related activities or projects including, inventory of hardware and software, maintaining school web page, purchasing procedures, user id's and password security, deliverance of technology notices to building staff, installation of programs, securing of AUP's, and preparation of work orders.
AA-1, A1-1	Strengthening SSTIC's Proficiency	CIO Instructional Leaders Network Team	On-Going	General Fund PD	PD Academy	

KETS GUIDING PRINCIPLE – The personalized learning environment for students requires reimagining the use of school space and time. Virtual instruction, cloud-based learning tools, digital instructional material, digital collaboration, digital workflows and digital relationships, etc., assist in providing the vehicle for anywhere, anytime learning.

Areas of Emphasis: Areas of Acceleration (AA) // Areas of Improvement (AI)

AA-1: Continue to provide guidance, support and resources for districts in the development and application of high quality online/virtual coursework as well as implementation of learning management systems

Al-1: Educate and support districts in the implementation and facilitation of digital learning tools and portable technologies that foster anywhere, anytime access for staff and students

DISTRICT TECHNOLOGY PLAN

KETS AA or Al	Strategy	Person(s) Involved	Anticipated Timeframe	Anticipated Funding Source	Anticipated Funding Amount	How will you know this is successful? (including metrics)
AA-1, AI-1	Teachers will utilize online communication, collaboration and productivity platforms (Office 365,G-Suite) to communicate with, provide content to and collect assignments/products from students.	CIO, CAO, Principals, Teachers DLC's	On-Going	No additional funding necessary	o365- Part of A3 Microsoft licensing G-Suite- \$0	Administration will observe improvements in classroom practices as many assignments move to an online environment. Student engagement level will increase and personalized learning opportunities will become easily available.
Al-1	Purchase the APEX program for virtual courses to be used for credit recovery.	High School Counselors, Middle Schools, RLC Teachers/ Staff	On-Going	General Fund		Students are enrolled in the courses and the graduation rate is increased.
AA-1	Continue the support of the Early College Academy on the campus of Big Sandy Community and Technical College	High School Counselors, Early College Teachers/Staff	On-Going	General Fund	\$5,048.00	Students are enrolled in the courses and graduation rate is increased as well as students graduating with an Associates Degree.
AA-1	implement technology Standards using the STEM BUS to travel to schools, and the STEM Lending Library for STEM projects/centers, and CoderZ to implement coding.	CIO, Tech Team, CIA Teachers, Gear Up Staff, DLC's	On-Going	GEAR UP General Fund Title	\$215,000	Students will receive opportunities to experience STEM projects/centers using the bus to travel from school to school.
AA-1	PD Academy	FCS Teachers/Staff Guest presenters DLCs	Prior to the beginning of school each year	General Fund	\$20,000	Teachers will attend an all day event at a district high school traveling through various PD opportunities.
