Good morning. Please read emails below. We have a 707 at Switzerland County on July 15. Since it is out of state I need approval by principle and site-based. Any chance we could get this approved by tomorrow?

Yes, Principal has to approve, SBDM approval and then if you need bus, it has to go through Speed, electronically. The Board meeting for July isn't until the 20th. So, Cathy Bronk could possible get it approved via email vote from the SBDM, by tomorrow, and Speed would have to complete his portion and get it back to me signed off by all, in time to put on the agenda for tomorrow night's meeting @ 6p.

Thx, Laura

Good morning. We have a 7on 7 (passing scrimmage) scheduled for July 15 at Switzerland County (IN). What do I need to do to get this approved, since it is out of state?

Thanks,
Tim
