This grant is very open ended in ways it can be used within our district, as long as those plans align into an area listed below and that plan is tied into being a response to COVID-19.

1. **Early childhood education-** FRYSCs will provide an integrated approach to home visits, education, and monitoring of child development for new and expectant parents.
2. **Childcare:** Full time preschool childcare for children two (2) and three (3) years of age. FRYSCs will identify, coordinate, and/or develop resources and support for childcare.
3. **Family Crisis and Mental Health Counseling:** FRYSCs will increase self-management and coping strategies by assisting students and families with mental health needs and/or other crises through the identification and coordination of services for various challenges (e.g., grief, illness, bullying, incarceration, dating/domestic violence, loss of income, trauma, isolation, anxiety)

Applicants will submit a two year plan for grant activities to be completed by September 30, 2023. Applications are due by June 1, 2021 and Awards will be named on July 1, 2021.

What components/work/salary/materials will the grant not pay for that will be necessary for the district to incur? Be specific.
