RE: 2021-2022 MOA –Jefferson Community and Technical College

Attached, you will find a MOA between the Jefferson Community and Technical College (JCTC) and Bullitt County Public Schools for the 2021-2022 school year. The purpose of this agreement is to expand the availability of enrollment in dual credit courses for Junior and Senior students ("Accelerate 2 College Program").

JCTC seeks to promote environments and support methods to increase the college-going rate of high school graduates, and increase college success and retention rates. Both parties wish to work together to ensure the success of focused improvements to the JCTC-based dual credit opportunities available to BCPS students.

BCPS will work with JCTC to develop and offer new English and Math courses to those students that are eligible for the dual credit program. JCTC will waive tuition and fees for four credit hours for those students enrolled in the Accelerate 2 College English and Math classes.

JCTC will provide curriculum and teacher training for BCPS' new Accelerate 2 College English and Math classes.

Please place this request on the July board agenda.

Memorandum of Agreement

Jefferson Community and Technical College ("JCTC"), an educational institution of the Kentucky Community and Technical College System ("KCTCS"), itself an agency of the State of Kentucky, and Bullitt County Board of Education, a Kentucky public school district operating under the name of Bullitt County Public Schools ("BCPS"), hereby enter into this Memorandum of Agreement ("Agreement") dated June 1, 2021.

Recitals

- A. JCTC is acting in an operational capacity to manage a grant-funded effort to expand the availability of and enrollment in dual credit courses managed between JCTC and BCPS for BCPS' junior and senior students ("Accelerate 2 College Program").
- B. JCTC seeks to promote environments and support methods to increase the college-going rate of high school graduates, and increase college success and retention rates.
- C. Both parties wish to work together to ensure the success of focused improvements to the JCTC-based dual credit opportunities available to BCPS students.

Terms and Conditions

- 1. **Term:** The term of this Agreement shall commence on June 1, 2021 and shall conclude on December 31, 2022, unless terminated by either party as provided herein.
- 2. **Termination:** Either party may terminate this Agreement with or without cause at any time with at least thirty days' written notice to the other party, except that no termination shall affect any obligations or responsibilities already assumed and begun that, if cancelled and not completed, would adversely affect students and faculty. Upon termination, both parties will work together to limit any negative effects of termination.
- 3. **Amendment:** This Agreement may only be modified by mutual written agreement.
- 4. **BCPS' Responsibilities:** BCPS shall assume the following responsibilities:
 - A. Work with JCTC to develop and offer new English and Math courses—based on JCTC's developmental Math and developmental English courses—to BCPS students eligible for the dual credit program. The English courses shall be added to the BCPS junior year curriculum as a preparatory course for dual credit awarded in the BCPS student's senior year. The Math courses shall be added to the BCPS senior curriculum in the fall semester as a preparatory course for dual credit in the spring semester.
 - B. Implement and co-evaluate the Accelerate 2 College Program pilot efforts in select schools during the trial period.
 - C. Provide invoices every three months to JCTC that identify costs, as agreed to by both parties to this Agreement and in compliance with Clause 6 below, associated with professional training and course development incurred by BCPS teachers performed under this Agreement.
- 5. **JCTC's Responsibilities:** JCTC shall assume the following responsibilities:

- A. Provide curriculum and teacher training for BCPS' new Accelerate 2 College English and Math classes equivalent to those classes that JCTC currently offers to JCTC students whose skills are not sufficient for college level work.
 - B. Provide user licenses for ALEKS math course for each student enrolled in Accelerate 2 College Math.
 - C. Help ensure that BCPS teachers who are teaching dual credit courses have a better peer-to-peer relationship with JCTC faculty, such as through improved connections to and communications with respective JCTC academic departments.
 - D. Assist BCPS with the implementation and evaluation of Accelerate 2 College Program pilot efforts in schools during the trial period.
 - E. Make payment to BCPS within thirty days' receipt of invoice from BCPS.
 - F. Waive JCTC tuition and fees for four credit hours for those BCPS students enrolled in Accelerate 2 College Math and English classes.
6. **Costs:** The costs associated with Accelerate 2 College that BCPS may submit to JCTC for reimbursement are limited as follows:
- Teacher Training: up to \$1,600 total per teacher for participation in mandatory training meetings and professional learning communities. BCPS district/high school should pay teachers at the agreed upon rate according to teacher contract.
 - Supplies/Books/Materials: up to \$2,325 per teacher for supplies/books/materials.
 - Coursework Development: up to \$800 per teacher for coursework development. District/high school should pay teachers at the agreed upon rate according to teacher contract.

BCPS' reimbursable costs may only be incurred between June 1, 2021 and May 31, 2022, with invoices submitted to JCTC no later than a May 31, 2022 deadline. Any costs outside of these dates, and any invoice submitted after the deadline, shall not be reimbursed by JCTC.

If full implementation of the effort outlined in this Agreement occurs beginning in the fall semester of 2022, BCPS agrees that it will need to institutionalize the costs for teacher training, supplies/books/materials, and ALEKS math courseware.

7. **Timeline:** Both parties shall ascribe to the following timeline:

Spring/Summer 2021: This Agreement is executed, and development of BCPS' new English and Math courses are completed.

Fall Semester 2021: A pilot group of classes is presented in select BCPS schools.

Summer 2022: The pilot classes are evaluated, with a subsequent determination on whether a full implementation will be offered. If full implementation is determined, both parties shall organize an Accelerate 2 College Program meeting between affected BCPS instructors and JCTC faculty.

Fall Semester 2022: If so determined, full implementation of Accelerate 2 College Program courses begins across BCPS, with improved peer-to-peer relations between BCPS teachers and JCTC faculty.

8. **Student Data:** JCTC and BCPS shall maintain academic, performance, and attendance records of students participating in the Accelerate 2 College Program, and may share such records in accordance with the Family Educational Rights and Privacy Act of 1974 (“FERPA”) and/or the written authorization of the students.
