RE: Mystery Science

The attached document is an agreement between Bullitt County Public Schools and Mystery Science which is an online curriculum for elementary teachers and students aligned to the NGSS standards. Mystery Science provides teachers and students with science content that creates questioning and discourse along with detailing needed science supplies so students can do hands-on science while also participating in online activities. Considering our district is now 1:1 in grades in elementary, this allows students the opportunity to continue science learning at home as well. The cost for Mystery Science will be \$14,988.00 for one year which will be funded through ESSER funds. Approval is requested for the agreement between Bullitt County Public Schools and Mystery Science.
