Dear Mr. Vowels,

I am requesting early graduation from my Senior year. I attended Hardin County High and got to work. I did all my assignments and completed my Portfolio. I stayed on task and worked hard because I'm excited about moving on to college and being able to get a better job. I plan on moving to Tennessee, getting a job at the Nissan Plant and attending college full time at ITT Tech in Nashville.

I would appreciate if you accepted my request.
Thank you in advance.

Sincerely,

Matthew Winkles
