Executive Director

July 1, 2021

Mr. Matthew Turner, Superintendent  
Boone County Schools  
8330 U. S. Highway 42  
Florence, KY 41042

Dear Superintendent Turner,

On behalf of the 27-member board of directors and staff of your Kentucky School Boards Association, we are grateful for your district's membership. Your active participation in training, partnership in advocacy and engagement with association services contributed to another meaningful year. Not even a worldwide pandemic could halt our important work. KSBA is the only organization working directly on behalf of Kentucky's 857 school board members and, because of your commitment, we remain positioned as a leading voice of public education.

KSBA continues to achieve ambitious goals set forth in our annual strategic plan, aligned with our priorities of *member ownership, advocacy, service delivery and partnerships*. Bold leadership has resulted in considerable gains across the association allowing us to maximize the value of your membership each and every day. For example:

- KSBA expanded board training options to meet increased demand; more in-district training, new webinars and a wider range of self-study curricula to ensure you have the resources you need in person and online.
- KSBA invested in additional technology solutions such as improved member portal features, state-of-the-art data security measures and a custom-built member relations management system (CRM) to provide an even safer and more robust member experience.
- KSBA increased member communications, including new publications, awareness campaigns and special online resources, while building our in-house capacity to produce quality content to keep you informed.

The enclosed report, *Uncapped Impact*, highlights more of the ways KSBA excelled for you over the past 18 months.

As school boards can attest, excellence requires not just vision, but investment. According to the American Society of Association Executives Foundation, dues for professional associations nationwide represent 30 percent of association revenues. KSBA dues have consistently come in below that average, and this year is no exception. Together we can accomplish great things for Kentucky's public school board members, districts, students and communities. We ask that you renew your membership for 2021-22. Better boards mean better public schools.

Using the most recent data compiled by the Kentucky Department of Education (FY19 as of April 2021), KSBA updated the Fund 1 revenue bases used to determine 2021-22 dues. The resulting dues schedule was approved by KSBA's board on June 19. Your district's membership dues for 2021-22 are \$9,061.05. An invoice is enclosed.

We are grateful for your membership and the important role you play in advancing public education. Please contact us with questions about KSBA or our services and to share ideas for enhancing your membership.

Sincerely,

Davonna Page, KSBA President

Kerri Schelling, KSBA Executive Director
