Ms. Jennifer Weber

Terrace Metrics Screener and Positive Action SEL Curriculum

Mrs. Rubemeyer and Ms. Weber have contacted NKCES to contract to administer the Terrace Metrics Risk and Resiliency Screener to all Southgate students in grades 3-8 within the first two weeks of school. As a reminder, this screening survey will measure students' perceptions of their life satisfaction, exposure to trauma, at-risk behaviors, and protective factors, and it will flag students who need additional emotional supports. Using the data from Terrace Metrics, Ms. Weber will work alongside homeroom teachers in every grade level (PK-8th) to implement the Positive Action curriculum which is designed to build the students' resiliency skills. Ms. Weber will also use the counselor lessons included in the Positive Action curriculum to address the needs of students flagged by the survey who require small group or individual counseling.
