RE: Milestone Software Renewal

The Milestone Software SUSP (Software Upgrade and Support Program) keeps our security camera systems up to date and running smoothly for our schools and facilities. Datalink is our security integration provider for the Milestone Software SUSP. The cost for this annually is \$44,735.44. Not renewing this software doesn't stop functionality, however if it expires (October 31st, 2021) we have to purchase 3 years in advance to renew the SUSP. I am asking for approval to renew and move forward with the purchase. The quote is attached.

Thank you and if you have any questions please feel free to contact me at 502.869.8040.

Milestone Yearly SUSP Renewal

Quote # 007261-EVV
Version 1

Prepared for:

Bullitt County Public Schools

Adam Bates
adam.bates@bullitt.kyschools.us

Statement of Work

This quote is to renew the SUSP (Software Upgrade and Support Program) for your Milestone software. Keeping your Milestone SUSP current allows you access to software updates and upgrades. It also allows Data Link, or another security integrator, access to support from Milestone on your behalf. If your SUSP with Milestone is allowed to expire, your system will continue to function. However, once expired Milestone requires a three year purchase up front to renew your SUSP.

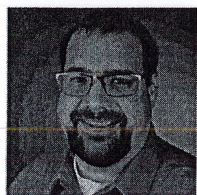

Please note that this SUSP does not cover any labor or other expenses with Data Link, or any other security integrator. Also please keep in mind, that if you happen to add any additional camera licenses to your system prior to renewal, this quote will need to be updated for the additional camera licenses.

Your current SUSP expires on October 31st, 2021.
