Subject: Permanent Sub Position

The Renew Academy (Holly Hill program) currently has their position posted as 2 instructional aides. Because of the requirements and lack of applicants, we would also like to be able to post this position as 2 permanent substitute teachers. The funding will be from the same pot of funds. Even though permanent subs will cost us a little more up front, they will also be maintaining the district's Home Hospital students. Currently, we pay any teacher that has Home Hospital students their daily rate for 2 hours a week plus mileage. We wouldn't have to pay for these additional stipends to our regular teacher as these permanent subs would be responsible for that as part of their job duties. However, if we do get an applicant that qualifies as an instructional aide, we could still use that instead of the sub. Please let me know if this makes sense or if you have any questions.
