RE: Bid Package "A", Site Work  
Sonora/Upton Elementary School  
BG #04-247  
PFGW Project # 0350

Dear Larry :

David Yates and I made contact this afternoon. David made a strong pitch for the Red Sunset Maples. He stated that he thought he could have them on site in approximately two weeks.

I authorized him to proceed with the 10 Red Sunset Maples. He is to call me or Charlie Jones prior to installing the trees so that we may locate them in the field prior to planting.

Sincerely,

Larry Gream

PFGW Project # 0350

Dear Larry :

We desire to add additional landscaping to the project. The areas of desired landscaping are as follows:

1. Base planting and 3" mulch (to match building mulch) as shown on attached sketch "A". Provide four 12/15" Green Velvet Boxwood to match the building base planting.
2. Six burning bush plants as shown on attached sketch "B". Have landscaper advise appropriate size.
3. Ten 2" caliper balled and bagged Pin Oak ( P. O.) located as shown on attached sketch "B". Three rather nice evergreen trees grouped as shown; landscaper advise as to specie and size.
4. Landscaping as shown on attached drawing "C" around the building sign.

Please proceed with this work at time and material rates. Give me a call if you have questions regarding this transmittal.

Sincerely,

Larry Gream
