**THANK YOU, BOE MEMBERS!**

- As always, thank you for your continued support in all of our endeavors!

**DAILY OPERATIONS**

- Our arrival and dismissal system has become seamless! Students are getting into their routines and are showing up prepared to learn everyday.
- Thank you to the Bellevue Education Foundation for approving the purchase of new graphing calculators (TI-84) for every high school class!

**NUE VUE**

- We have 26 students actively participating in the virtual / hybrid option.
- We meet with Mr. Bezold and Ms. Brun bi-weekly to discuss areas of strength and students who may be struggling. We are working on recognizing those students who are going above and beyond. We want to stay connected with these students even if we don't get to see them everyday.

**RESPONSE TO INTERVENTION (WHAT I NEED)**

- Mr. Skaggs, Ms. Riley, Ms. Shroyer, and Ms. Young have been working diligently to restructure our RTI programs from the ground up. We are now calling it WIN time, or "What I Need."
- Using the latest MAP data, the middle school students are placed in either math / reading intervention and enrichment. The intervention rotations will last 4 weeks and the enrichment rotations will last 1 week.
- The high school teachers will be able to pull students for two consecutive days of intervention and will also offer enrichments two days a week. Students will self select the enrichments. Some of the enrichment offerings include:
  - Content-Based or Real-life based/job/interview skills/resumes
  - Guest Speakers
  - Cooking
  - Taxes / Finances
  - Automotive Tech / Repair
  - Coding / 3D Printing
  - Photography

**BUILDING**

- We received brand new chairs (210 total) for 7 classrooms! The chairs are sturdy and comfortable. The same 7 classrooms also received new tables last week. A big thank you to Ms. Wittrock for making all of it happen!
