Facilities, Transportation, Safe Schools and Healthy at Work

Transportation:

- Bus had a fender bender on Thursday. Car ran a stop sign and bumped into the bus fender. Scratch but no damage.
- District Vehicle Request Form is online for individuals wanting to utilize the Suburban or van.
- Due to potential Covid exposure we had to place approximately 30 students on quarantine and cancel a route on Thursday due to driver shortage. Would like to thank the school nurses for all they do each day with contact tracing, etc...

Facilities:

- Emergency HVAC work continues at NIS.
- Roof replacement for NIS has been completed. Waiting on walkthrough to sign off.
- Flooring at both NIS and NHS has been completed. Waiting on walkthrough to sign off.
- Food service has moved into what was the GED computer lab.
- Ms. Snapp will be relocating to the office area vacated by Food Service.

Safe Schools

- Some masks are still on back order at this point but we have a sufficient supply at this point.
- Sanitizing refill wipes have been sent as teachers empty their tubs from last year.
- Threat Assessment Training will be completed via ZOOM on Sept. 23 from 3:00. – 6:00.

Healthy at Work

- We have received some additional masks that we had ordered but still waiting on some back orders.
- Drivers and monitors are being used in buildings to help assist with cleaning and disinfecting during our PLC and NTI days.
- Working with Ms. Stewart on our continually evolving COVID issues and the COVID plan.
