**Attachments:** 20210915135933024.pdf

Mrs. New has been awarded an opportunity to participate with the Prichard Committee in an effort to improve Family Engagement at the Upper Elementary. The offer has no financial obligation from the district and will be a plus to the much needed family engagement at the school. Both Mrs. New and I signed the Agreement and she will return it tomorrow. She received the offer recently and we need to proceed. I will include it on the agenda for your approval in the consent section in the absence of hearing from you to the contrary. Mrs. Burgett is involved with the Prichard Committee and is aware and supportive of the offer of participation.
